Create a myFirst ID and fill your name, email and birthday to complete the setup.

Create a Child Account

Tap the "+" icon in the upper right corner of the app's homepage.

Tap "Scan Code" to start scanning. Turn on the watch and scan the QR code displayed on the watch.

The verification code will be sent to the watch.
Please enter the verification code on your app.

Create an Adult Account

The device has an embedded myFirst eSIM and requires a paid myFirst SIM subscription to operate.

In Settings, tap “Subscriptions”.

Tap “Add a plan”.

Select a child account to add a subscription plan. Only eligible child accounts will be shown.

Select the country/region where the watch will be used to configure network settings and confirm your subscription.

Tap the 'Payment' to proceed with the payment.

Now you have subscribed myFirst SIM!

WARNING

Failure to read and follow the following warnings may result in death or serious injury.

Parent or Legal Guardian

It is a parent's or legal guardian's responsibility to set up the device before a child uses the device. It is a parent's or legal guardian's responsibility to read and understand this document and ensure that the child uses the device in an appropriate and safe manner.

Choking Hazard

This product contains small parts. This product is not for children under 3 years old.

Health Warnings

The device, accessories, and related data are intended for recreational use only and are not intended for medical use or to diagnose, monitor, treat, cure, or prevent any disease or condition. Activity trackers rely on sensors that track movement and other metrics. The data provided by these devices is intended to provide an estimate of activity and tracked metrics but may not be completely accurate.

Battery Warnings

A lithium-ion battery is used in this device.

If these guidelines are not followed, batteries may experience a shortened lifespan or may present a risk of damage to the device, fire, chemical burn, electrolyte leak, and/or injury.

Do not disassemble, modify, puncture, or damage the device.

Do not remove or attempt to remove the non-user-replaceable battery.

Do not expose the device or batteries to fire, explosion, or other heat source.

Device Warnings

Do not leave the device exposed to a heat source or in a high-temperature location, such as in the sun in an unattended vehicle. To prevent the possibility of damage, remove the device from the vehicle or store it out of direct sunlight, such as in the glove compartment.

Do not operate the device outside of the temperature ranges specified in the printed manual in the product.

When storing the device for an extended time period, store within the temperature ranges specified in the printed product manual.

Do not use a power cable, data cable and/or power adapter that is not approved or supplied by myFirst.

If the device continually heats up, please remove it from your wrist immediately and contact customer service promptly.

Safety and Tracking Warning

The assistance feature allows you to send your location to the dedicated contact. This is a supplemental feature and should not be relied upon as a primary method to obtain emergency assistance. myFirst app does not contact emergency services on your behalf.

Mobile Network Subscription Warning

The device's mobile network connected features, such as assistance, live track, location updates and messaging, require that the device have an active mobile network subscription. The device must also be in an area with

appropriate network coverage to ensure these features function properly and maintain a stable and reliable connection to the mobile network provider.

Navigation Warning

Use this device only as a navigational aid. Do not attempt to use the device for any purpose requiring precise measurement of direction, distance, location, or topography.

CAUTION

Failure to read the following cautions could result in minor or moderate injury, or property damage.

Skin Irritation

Some users may experience skin irritation after prolonged and continuous use of the device, especially if the user has sensitive skin or allergies. If you notice any skin irritation, remove the device and allow the user's skin time to heal. To help prevent skin irritation, ensure the device is clean and dry, and do not over-tighten the device on the user's wrist. Adjust the fit to allow air to flow between the band and the wrist.

NOTICE

Failure to read the following notices could result in personal or property damage, or negatively impact the device functionality.

Battery Notices

Contact your local waste disposal department to dispose of the device and batteries in accordance with applicable local laws and regulations, ensuring proper handling and environmental protection.

GPS Notice

The navigation device may experience degraded performance if you use it in proximity to any device that uses a terrestrial broadband network operating close to the frequencies used by any Global Positioning System (GPS), such as the Global Positioning Service (GPS). Use of such devices may impair reception of GNSS signals.

FCC Compliance

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and the receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by the manufacturer could void your authority to operate this equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Specific Absorption Rate (SAR) Information

This device has also been tested against this FCC SAR limit 1.6W/Kg. This device was tested for typical operations distance with 0 mm for wrist and 5mm for mouth up, the highest SAR_{1g} value is 1.074 W/Kg for mouth up and 1.082W/Kg for wrist worn. To maintain compliance with FCC RF exposure requirements, the use of belt clips, holsters and similar accessories should not contain metallic components in its assembly. The use of accessories that do not satisfy these requirements may not comply with FCC Exposure requirements, and should be avoided.
