Insertion Direction (Air outlet)

THIS SIDE DOWN!

Cautions:

1. Do not block the air inlet or outlet on the bottom fan unit.
2. When using a car charger or power bank for power supply, ensure the output current is at least 2A.
3. Securely fasten the velcro on the fan pocket to prevent the bottom fan unit from falling out.
4. Avoid water exposure to the fan and switch to prevent short circuits.
5. This fan is not a toy-keep it away from children.

This device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.
