

NFC antenna specifications

1. dimensions

2. parameters

impedance: $1.84+85.3j$

inductance: 506nH

3. Antenna operating frequency band

Operation frequency:	13.56MHz
----------------------	----------

4. Declaration:

We, Shanghai Omay Electronics CO., LTD. states that All measurements were performed radiated and therefore additional antenna gain documentation is not required.

Shanghai Omay Electronics CO., LTD.
