

PSG TECHNOLOGIES (S) PTE. LIMITED

Professional Installation Declaration

Date: 2026-07-16

We, PSG TECHNOLOGIES (S) PTE. LIMITED, declare that our product: Balance 310 5G, BPL-310-5GP-T-PRM, MAX Orbit 8 and MAX-ORB-8-T-PRM, FCC ID: 2BVXV-P1BE04 for professional installation and following KDB 353028 (c) Professional installation requirements below.

1. Professional installation must be justified.

Description: This product will not be sold directly to the general public through retail stores. It will only be distributed and sold by our authorized distributors and resellers, or certified partners. The installation person needs to get the Peplink certified to install the product.

2. Professional installation does not permit use of any antenna with the transmitter; the permitted types of antenna specified as below.

Description:

The antennas listed below are compliance with FCC Part 15 requirements. For more details, please refer to the test reports.

Brand Name	Part No.	Type	Gain (dBi)	
WIESON	ARY121-1976-001-00	Omni-directional	2.4GHz	2.25
			5GHz Band 1	2.55
			5GHz Band 4	3.36

3. The applicant should address the following items when justifying professional installation.

- (1) To qualify for professional installation, the applicant must explain why the hardware is not readily available to average consumer.

Description: The product will not be marketed to or sold directly to the general public, therefore the hardware is not readily available to average consumer

- (2) Marketing—Device cannot be sold via retail to the general public or by mail order; it must be sold to authorized dealers or installers only.

Description: This product will not be sold directly to the general public through retail stores. It will only be distributed and sold by our authorized distributors and resellers, or certified partners.

- (3) Filing must show that intended use is not for consumers and general public; rather device is generally for industrial/commercial use.

Description: This product will not be sold directly to the consumers and general public.

PSG TECHNOLOGIES (S) PTE. LIMITED

- (4) Explain what is unique, sophisticated, complex, or specialized about the equipment that REQUIRES it to be installed by a professional installer?

Description: The installation person needs to get the Peplink certified to install the product.

- (5) Installation must be controlled.

Description: The installation person needs to get the Peplink certified to install the product.

- (6) Installed by licensed professionals (e.g., device sold to dealer who hire installers).

Description: The device is sold only to our authorized distributors, resellers, or certified partners, and installation of the product may only be performed by personnel who have obtained our professional training certification.

- (7) Installation requires special training (e.g., special programming, access to keypad, field strength measurements made).

Description: Need to through by our trainer training to get the Peplink certified.
