

FCC ID: 2BVZF-E9

User Manual

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

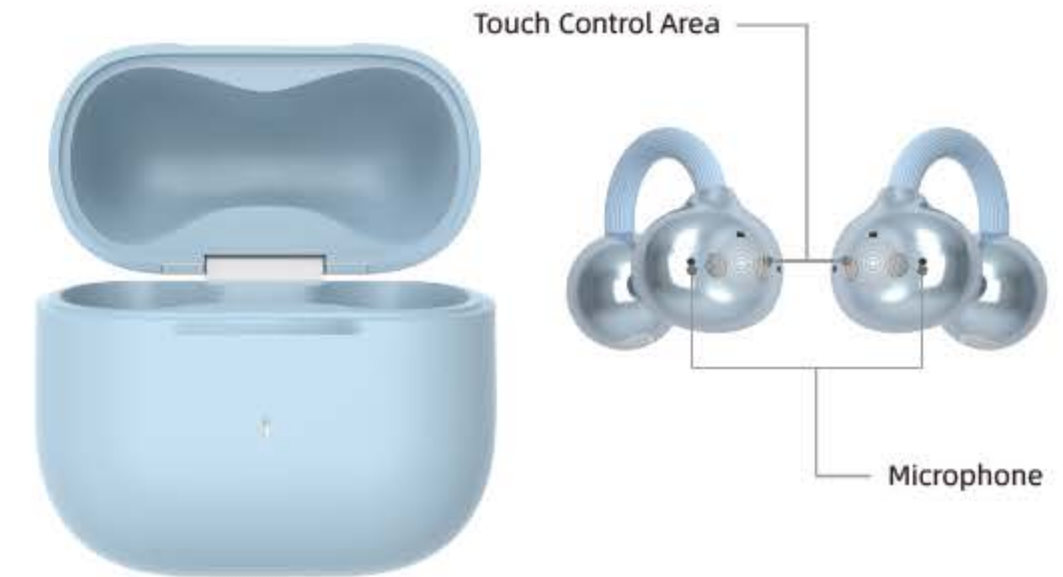

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement.

The device can be used in portable exposure condition without restriction

Product Overview

Accessory List

Earbuds×1
User Manual×1
Charging Case×1

Operation Instructions

1. Open the charging case and take out the earbuds, then wear them in your ears. The earbuds will power on automatically and play a startup prompt tone.
2. Enable Bluetooth on your device and search for the device named "J100". Manual pairing is required for the first connection.
3. A notification tone will play when the earbuds are successfully connected to your device.

Touch Control Operations

Function	Operation Method
Play/Pause	Double-tap the left or right earbud to play or pause audio.
Next Track	Triple-tap the left earbud.
Previous Track	Triple-tap the right earbud.
Volume Down	Tap the left earbud four times to lower the volume.
Volume Up	Tap the right earbud four times to raise the volume.
Activate Siri	Tap the left or right earbud five times to trigger Siri.
Answer/ End Calls	Single-tap either earbud to pick up an incoming call or hang up during a call.
Reject Calls	Press and hold either earbud for 3 seconds when a call comes in

Specifications

Bluetooth Version	V6.0.
Net Weight	42 g
Supported Bluetooth Protocols	HFP, HSP, A2DP, AVRCP
Transmission Distance	approx. 10 meters
Operating Frequency Band	2.4 GHz
Charging Voltage	DC 5 V
Charging Time for Charging Case	approx. 1.5 hour
Talk / Music Playback Time	approx. 4-5 hours
Standby Time	approx. 80 hours
Single Earbud Battery Capacity	40 mAh
Charging Case Battery Capacity	200 mAh

Safety & Maintenance Instructions

Please read the following precautions. They help extend the product's service life and allow you to fully understand the warranty terms.

1. To avoid hearing impairment, do not use this product at high volume for long periods.
2. Keep the product dry. Do not store it in humid surroundings to prevent short circuits.
3. Do not expose the product to direct sunlight or high-temperature environments.
4. Excessive heat will shorten the lifespan of electronic components, damage the battery and deform product parts.
5. Avoid storing the product in extremely cold conditions to protect the circuit board from damage.
6. Non-professional personnel must not disassemble this product by themselves.
7. Prevent the product from being dropped or colliding violently with hard objects, which may damage internal electronic circuits.
8. Do not wipe the device with chemical agents or cleaning detergents.
9. Do not scrape the outer casing with sharp items to avoid surface scratches.
10. Do not charge continuously for more than 10 hours, as this will reduce battery life.
11. Recommended ambient operating temperature for the product: 0°C ~ 35°C.
12. If the product malfunctions and fails to work normally, please take it to our brand's officially authorized service center. Our staff will assist you to resolve the problem.
