

Modular Approval Request FCC (KDB 996369 D01 & Part 15.212)

FCC ID: 2BVZL-CLM37RQ009

<i>Items to be covered by Single modular transmitters.</i>	<i>Answer from applicant</i>
1. The radio elements must have the radio frequency circuitry shielded. Physical components and tuning capacitor(s) may be located external to the shield, but must be on the module assembly.	The modular has RF shielding, please refer to EUT photo.
2. The module must have buffered modulation/data inputs to ensure that the device will comply with Part 15 requirements with any type of input signal.	The modular transmitter has buffered modulation/data inputs.
3. The module must contain power supply regulation on the module	The modular has its own power supply regulation.
4. The module must contain a permanently attached antenna, or contain a unique antenna connector, and be marketed and operated only with specific antenna(s), per §§ 15.203, 15.204(b), 15.204(c), 15.212(a), 2.929(b).	Comply with the antenna requirements of Section 15.203 and 15.204(c), the uses a unique coupling to the intentional radiator.
5. The module must demonstrate compliance in a stand-alone configuration.	The EUT was tested in a stand-alone configuration, please refer to original application FCC ID:2AU49-RRQ61051009
6. The module must be labeled with its permanently affixed FCC ID label, or use an electronic display (see KDB Publication 784748).	The module labeled with its own FCC ID.
7. The module must comply with all specific rules applicable to the transmitter, including all the conditions provided in the integration instructions by the grantee.	Comply with any specific rules or operating requirements that ordinarily apply to a complete transmitter and the manufacturer must provide adequate instructions along with the module to explain any such requirements.
8. The module must comply with RF exposure requirements.	Comply with any applicable RF exposure requirements in its final configuration.

Name and surname of applicant (or authorized representative): Melanie Anastassiou
