

User Manual

Model: X3Pro

机身硬件参数(Aircraft Hardware Parameters)

- Host weight: 45.5g
- Appearance size: 96x11 mm
- Speaker specification: 40mm
- Charging interface: Type-C
- Charging voltage¤t: 5V/1A (supports fast charging)
- Material: ABS+PC+linen fabric (polyester fiber)

电池(Battery): 200 mAh

蓝牙标识(Bluetooth identification) Wireless 5.4

右侧声场标注(Right side sound field annotation) 6CM Floating Sound Field

声学性能参数(Acoustic performance parameters)

- 20-20KHz - frequency response (频响)
- $32 \pm 15\%$ (DC) - Impedance (阻抗)
- 50-3KHz $\leq 2\%$ - Distortion (失真度)
- $-20^{\circ}\text{C} - 55^{\circ}\text{C}$ - operating temperature (工作温度)
- Sound pressure air conduction sound mode (气压空气传导发声模式)
- Front and Rear Soundchambers - Acoustic Structure (前后双音腔声学结构)

操作指南(Operation Guide)

1. Diagram Labels

- Power button(white noise)
- Indicator light
- Type-C
- Next song/volume+
- Sound (Timing)
- Timed minutes

2. HOW TO USE

Bedside speaker, a new gadget for listening to music while sleeping. Simply press it into the concave pit on the pillow and place it under your ears

3. BASIC OPERATION

Power on/off: Press and hold the 1 button for 3 seconds to turn on the device and enter Bluetooth pairing mode. When the device is turned on, click to switch between white noise mode and Bluetooth mode.

Bluetooth pairing: Power on>Turn on your phone's Bluetooth>and click on pairing to connect.

Timed shutdown: Click the 3 buttons to set the timer. Optional 30 minute, 60 minute, and 90 minute cycles are available.

Sound addition and subtraction: Long press button 2 to increase volume, long press button 3 to decrease volume.

Up and down songs: Click the 2 button to move on to the next song.

4. HIDDEN FEATURE

Vocal broadcast | Low battery reminder | Bluetooth disconnection | Over distance reminder (shutdown after 10 minutes of disconnection) Supports fast charging | Charging works | Pairing memory, Power on and reconnect the phone | Pause external playback of the phone when turned off | Prevent disturbance

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and

(2) This device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- - Reorient or relocate the receiving antenna.
- - Increase the separation between the equipment and receiver.
- - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- - Consult the dealer or an experienced radio/TV technician for help.ct.

*RF warning for Portable device:

The device has been evaluated to meet general RF exposure requirement.

The device can be used in portable exposure condition without restriction.
