Subject: Declaration of Model Differences — immurok IK-1 (Models IK-1-W / IK-1-B / IK-1-G)

We, **Nervina Next Pte. Ltd.** (the "Applicant" and "Manufacturer"), hereby declare that the product listed below is marketed in the following model variants:

Item	Description
Product Name	IMMUROK IK-1 — Wireless Bluetooth Fingerprint Authenticator
Brand	immurok
Base Model	IK-1
Serial Models	IK-1-W (white) • IK-1-B (black) • IK-1-G (grey)

1. Difference Between Models

The **only** difference between models IK-1-W, IK-1-B, and IK-1-G is the **plating color of the enclosure** (cosmetic appearance only):

Model	Enclosure Plating Color	Any Other Difference
IK-1-W	White	None
IK-1-B	Black	None
IK-1-G	Grey	None

2. Identical Aspects

All models listed above are completely identical in every technical respect, including but not limited to:

- Circuit schematic and PCB layout (same PCB, same revision)
- Bill of Materials — all electronic components, including MCU / BLE radio (CH592F), antenna (YAGEO ANT3216LL00R2400A), fingerprint sensor, battery, and power circuitry
- Firmware version and software functionality
- RF characteristics: operating frequency (2402 – 2480 MHz), modulation, RF output power, antenna type and gain
- Mechanical construction, dimensions, and internal structure
- Power supply and charging design (USB Type-C, 5 V DC)

The enclosure plating color has **no impact** on the electrical safety, RF performance, EMC behavior, or any other compliance-relevant characteristic of the product.

3. Representative Model for Testing

Accordingly, we request that testing be performed on one representative model, and that the test results and certification apply to all models listed in this declaration.

We declare that the information given above is true and correct to the best of our knowledge.

Signed for and on behalf of the Applicant,
