Use only with external antenna. Remove all packaging before going to market. Please read the instructions for battery operation. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

CAUTION:

1. Do not use this equipment near water.

2. Do not use this equipment near flammable liquids.

3. Do not use this equipment near children.

4. Do not use this equipment near pets.

5. Do not use this equipment near electrical equipment.

6. Do not use this equipment near power lines.

7. Do not use this equipment near other electronic equipment.

8. Do not use this equipment near other people.

9. Do not use this equipment near other vehicles.

10. Do not use this equipment near other structures.

11. Do not use this equipment near other objects.

12. Do not use this equipment near other materials.
