

Family models difference declaration

Product Name: Universal Ambient Lighting

Trade Name: N/A

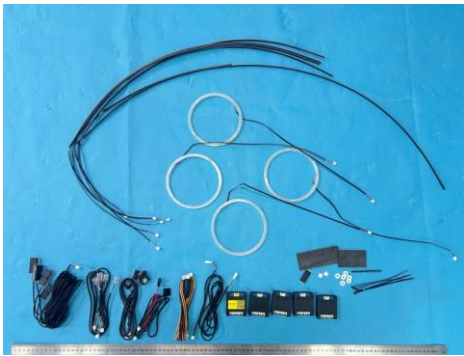

Model Name: **VA-FWD-Q1-22LED**

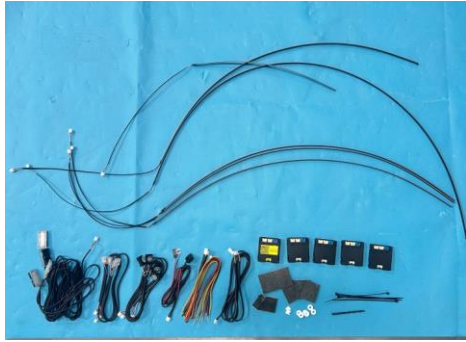

Family Model: **VA-FWD-Q1-18LED, VA-FWD-Q1-14LED, VA-FWD-Q1-10LED, VA-FWD-Q1-6LED**

FCC ID: **2BW7Z-VA-FWD-Q1**

Difference declaration:

We (*Hong Kong Xin Sheng Century Trading Co.,Limited*) hereby declare that the radio frequency circuits of the series models are consistent with that of the main tested model, and the main control version has both transmitting and receiving functions; the sub-control version removes MIC-related components and only supports the receiving function. All models have identical hardware electrical specifications, software parameters, PCB layout, antenna design, mechanical structure and housing materials; the differences lie only in the model names, appearances and the number of LED interfaces.

	EUT photographs	Difference Statement
Main model: VA-FWD-Q1-22LED		The VA-FWD-Q1-22LED model is equipped with 1 main controller, 4 sub controllers, 6 light strips, 4 footwell lights, 4 storage compartment lights, 4 door handle lights, and 4 ring lights. Each controller has 5 LED interfaces.

Series model: VA-FWD-Q1-18LED		The VA-FWD-Q1-18LED model is equipped with 1 main controller, 4 sub controllers, 6 light strips, 4 footwell lights, 4 storage compartment lights, and 4 door handle lights. Each controller has 3 LED interfaces.
Series model: VA-FWD-Q1-14LED		The VA-FWD-Q1-14LED model is equipped with 1 main controller, 4 sub controllers, 6 light strips, 4 footwell lights, and 4 storage compartment lights. Each controller has 3 LED interfaces.
Series model: VA-FWD-Q1-10LED		The VA-FWD-Q1-10LED model is equipped with 1 main controller, 4 sub controllers, 6 light strips, and 4 footwell lights. Each controller has 3 LED interfaces.
Series model: VA-FWD-Q1-6LED		The VA-FWD-Q1-6LED model is equipped with 1 main controller, 4 sub controllers and 6 light strips. Each controller has 3 LED interfaces.
