QUICK START GUIDE

FCC PART 15 · TWO-CONDITION COMPLIANCE

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC PART 15.105(B) · CLASS B INTERFERENCE STATEMENT

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by reorienting or relocating the receiving antenna, increasing the separation between the equipment and receiver, connecting the equipment to an outlet on a different circuit, or consulting an expert.

MODIFICATIONS

Changes or modifications not expressly approved by the party responsible for compliance could void the user's warranty or authority to operate the equipment.

RF EXPOSURE

This device complies with FCC RF exposure limits for an uncontrolled environment. This device has been tested for typical hand-held operations with the device in contact with the body, and meets the FCC RF guidelines when used as described in this manual.

BATTERY SAFETY & CHARGING

Qubi contains a 1200 mAh non-removable lithium-ion battery (3.7 V, 4.44 Wh). Do not puncture, crush, incinerate, disassemble, or expose to extreme heat or liquids. In the event of battery damage or swelling, discontinue use. Charge only from a USB-C power source rated 5 V. Charge and operate between 0 and 45 °C; store between -20 and 45 °C. Do not charge unattended or on flammable surfaces, and do not leave Qubi in a parked vehicle or in direct sunlight.

CALIFORNIA PROPOSITION 65 WARNING

This product can expose you to chemicals including cobalt and nickel compounds, which are found in lithium-ion batteries and are known to the State of California to cause cancer. See www.P65Warnings.ca.gov.

CALIFORNIA IOT SECURITY · SB 327

Qubi can be used in offline mode without an account. An account credential is required to access internet-connected features. Qubi complies with California Civil Code §1798.91.04.

BATTERY DISPOSAL · CALIFORNIA SB 1215

Do not dispose of this product in household waste. California residents must return for recycling at an authorised collection point; see calrecycle.ca.gov. For California residents, a covered battery embedded product recycling fee was collected per California Public Resources Code §42466.

WARRANTY & SUPPORT

Qubi is covered by a one-year limited warranty against defects in materials and workmanship from the date of delivery. The warranty does not cover damage caused by misuse, modification, or normal battery wear; full terms are published at qolour.com/terms. For setup guides and activities see qolour.com/docs, and for service requests see qolour.com/contact. Privacy practices for the Qubi app and account are described at qolour.com/privacy.

AGE GUIDANCE

Qubi is intended for users aged 13 and over. Younger users should use Qubi with adult supervision.
