

R/C CARS USER MANUAL

NOTE:

- Only use batteries supplied with this product.
- Parental guidance is recommended when installing or replacing batteries
- Users should keep and retain this information for future reference
- The colour and design of this product may vary from the images

BATTERY REQUIREMENTS:

- USB cable + 3.7V rechargeable battery for Vehicle (Included)
- 2 X 1.5V"AA"/LR6 for Transmitter (Not Included)

HOWTO CHARGE THE BATTERY PACK

- Please fully charge before use.
- Insert USB charger into mains socket with a plug (phone charger or similar). The red light should flash whilst charging and should stop flashing when charged. This should take around 2.5 hours.
- Do not leave batteries unattended whilst charging and remove from charge when fully charged.

BATTERY INSTALLATION: FOR TRANSMITTER & CAR

- Make sure the power switch is on OFF position
- Open the battery cover by undoing the screw using a screwdriver
- Legen Sie den Akku in das Akkufach und stecken Sie das Akkukabel wie abgebildet in das Netzkabel
- Setzen Sie die AA-BATTERIE wie gezeigt in die Steuerung ein

Remove all packaging before giving this toy to a child. Please read and retain this information for future reference. CAUTION! Only for domestic use. To be used under the direct supervision of an adult. Made in China

FCC Warning

This device complies with part 15 of the FCC Rules.

Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

* RF warning for Portable device:

The device has been evaluated to meet general RF exposure requirement.
The device can be used in portable exposure condition without restriction.
