Unique Features

- 8 in woofer + tweeter system
- Dynamic RGB LED lighting
- Adjustable echo effect with USB display
- Includes wireless microphone with priority function

Features

- High-powered PA loudspeaker design
- Bluetooth wireless music streaming
- Supports USB, MicroSD card, and AUX inputs with recording function
- FM radio with digital LED display
- Clear vocals, deep bass, and immersive sound
- TWS (True Wireless Stereo): Pair two speakers for stereo sound
- 10 LED light modes (8 static, 2 dynamic sync modes)
- Built-in 4400 mAh rechargeable battery (up to 2 hours playtime)
- 500 W peak power / 30 W RMS
- Ergonomic carry handle
- Independent volume controls
- Suitable for home, parties, and outdoor use

Bluetooth Wireless Streaming

- Bluetooth Version: 5.3
- Compatible with smartphones, tablets, laptops, and more
- Wireless range: Up to 32.8 ft (10 m)

What's Included

- (1) Speaker unit
- (1) Microphone
- (1) Remote control
- (1) Type-C charging cable

California Prop 65 Warning

WARNING:

This product may expose you to chemicals, which is known to the state of California to cause cancer, birth defects and other reproductive harm. Do not ingest.

Technical Specifications

- Construction Material: Plastic
- Speaker System: 8" woofer + tweeter
- RMS Power: 30W
- Peak Power: 500W
- Response: 20 Hz - 20 KHz
- SNR: 80 dB
- Distortion: 1%
- Sensitivity: 500 mV
- Inputs: TWS/Bluetooth/USB/TF/FM/3.5mm AUX/Mic Input
- Charging Input: Type-C 5V/2A
- Battery Type: Rechargeable Lithium
- Battery Capacity: 4400 mAh (7.4V)
- Playtime: 2 hours
- Charging Time: 4 to 6 hours
- Microphone Range: 32.8 feet (2.4GHz)
- Microphone Battery: (2) x AA batteries, Non-rechargeable, Not Included
- Built-in LED Lights: Multicolor
- Interface: Treble/Bass/Mic Volume/Mic Echo/Mic Treble/Mic Bass
- Remote Control: (2) x AAA batteries, Not Included
- Item Weight: 9.48 lbs.
- Product Dimensions (L x W x H): 11.8 x 10.6 x 15.6 inches

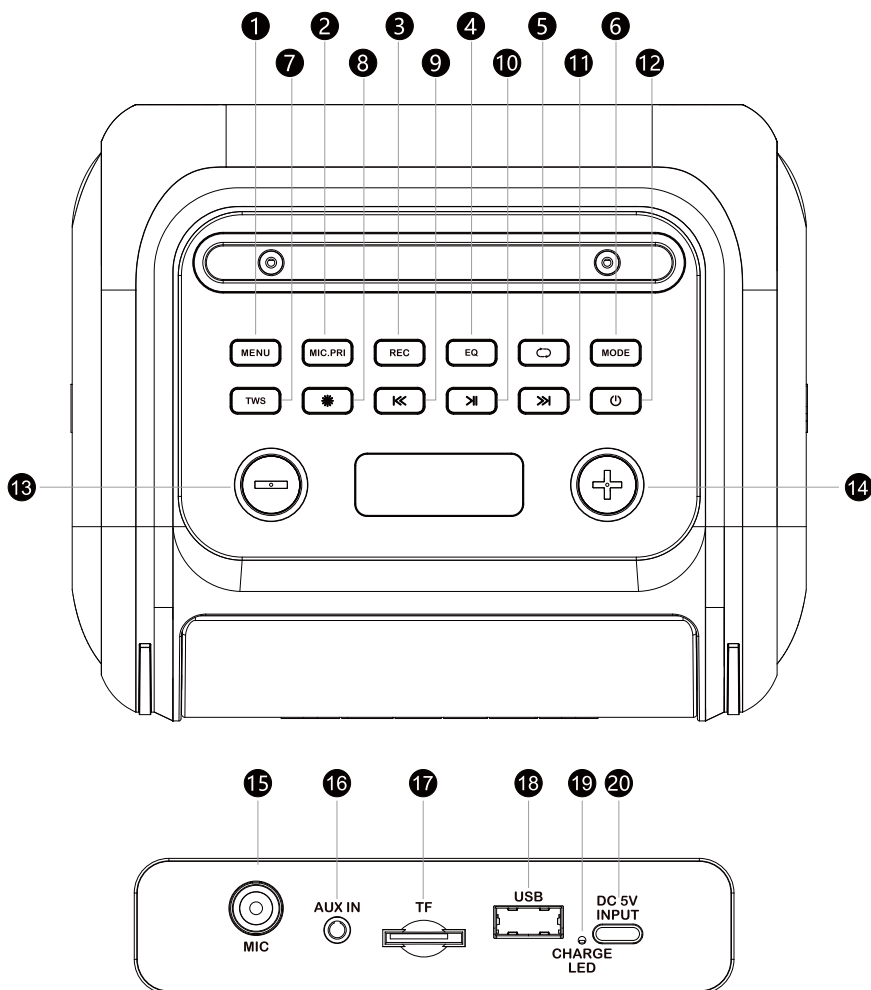

Precautions

This is a precision electronic device. Avoid using it in the following conditions:

- Listening at high volume for extended periods may damage hearing
- Do not place your ear close to the speaker during setup or volume adjustment
- Avoid use near heat sources (e.g., heaters or stoves)
- Do not use in high humidity environments (e.g., bathrooms, pools)
- Avoid dusty or vibration-prone areas
- Ensure at least 2 in (5 cm) clearance for ventilation
- Do not block ventilation openings
- If liquid enters the unit, unplug immediately and seek service

- Ensure all power connections are secure before use
- Do not expose to dripping or splashing liquids
- Do not place objects filled with liquid on the unit
- Keep away from open flames (e.g., candles)
- Ensure the power outlet is easily accessible
- Disconnect power if overheating occurs
- Do not pull on the power cord to unplug

Panel Functions

1. Adjust Treble / Bass / Mic Volume / Echo / Mic Treble / Mic Bass

Use “+” or “-” buttons to increase or decrease levels

2. Turn microphone priority ON/OFF

3. USB/TF Mode:

- Press: Start or play recording
- Press and hold: Delete recording

4. Switch EQ modes (Indoor / Outdoor)

5. USB/microSD Mode: Repeat one or all tracks

6. Switch input modes (AUX / USB / microSD / FM / Bluetooth)

7. Enable/disable TWS function

8. LED light control (press to change modes)

9. Previous track / rewind (press and hold)

- FM: Previous station

10. Play/Pause

- FM: Press to auto scan

11. Next track / fast forward (press and hold)

- FM: Next station

12. Press and hold: Power ON/OFF

13. Decrease volume or selected setting

14. Increase volume or selected setting

15. Microphone input

16. AUX input

17. microSD card slot

18. USB port

19. Charging indicator

20. DC 5 V input

Remote Control Functions

1. Power ON/OFF

2. Select input mode

3. Auto scan FM

4. Volume +

5. Previous track / station

6. Play/Pause

7. Volume -

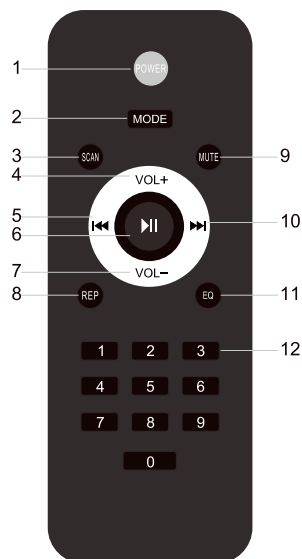

8. Repeat one/all

9. Mute ON/OFF

10. Next track / station

11. EQ mode selection

12. Number keys (0-9) for track selection

Bluetooth Operation

1. Press the MODE button to switch to Bluetooth mode ("BLUE" appears on display).
2. Enable Bluetooth on your device and search for available devices.
3. Select the speaker from the list to pair.
4. Once connected, audio will play through the speaker.

TWS (True Wireless Stereo) Function

1. Set both speakers to Bluetooth mode.
2. Press the TWS button on one speaker.
3. The speakers will automatically pair with each other.
4. Connect your external device via Bluetooth.
5. Both speakers will play audio in stereo mode.

Cleaning, Maintenance, and Storage

Cleaning

- Turn OFF the unit and disconnect it from the power source before cleaning.
- Use a soft, dry cloth to wipe the exterior surfaces.
- For stubborn dirt, use a slightly damp cloth, then wipe dry.
- Do not use harsh chemicals such as alcohol, ammonia, or abrasive cleaners.
- Keep all ports (USB, microSD card slot, AUX, and charging port) free from dust and debris.

Maintenance

- Regularly inspect the unit for signs of damage or wear.
- Ensure all connections and cables are secure before use.
- Avoid exposing the unit to extreme heat, moisture, or direct sunlight for extended periods.
- Do not operate the speaker at maximum volume for long durations to prevent overheating and distortion.
- Recharge the battery periodically, even when not in use, to maintain battery health.
- If the unit is not functioning properly, disconnect it from power and refer to the troubleshooting section.

Storage

- Store the unit in a cool, dry place away from direct sunlight.
- Avoid high-humidity environments and extreme temperatures.
- Fully charge the battery before storing for extended periods.
- Disconnect all cables and remove any connected devices before storage.
- Keep the unit in a clean, dust-free environment, and cover it if possible.

FCC Warning

15.19 Labeling requirements.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

15.21 Information to user.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

15.105 Information to the user.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC RF Radiation Exposure Statement:

1. This Transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
2. This equipment complies with RF radiation exposure limits set forth for an uncontrolled environment.
3. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.
