Solder Board-Component View 4	 A photograph of a circular printed circuit board (PCB) component, labeled 'View 4'. The component is dark-colored with a central circular cutout. It is populated with various electronic components, including a small white connector on the left side and several small surface-mount components. The component is placed on a blue background next to a black ruler with white markings, showing dimensions in millimeters.
Solder Board-Component View 5	 A photograph of the same circular PCB component, labeled 'View 5'. This view shows the component from a different angle, highlighting the solder joints and the arrangement of components around the central cutout. The component is placed on a blue background next to a black ruler with white markings, showing dimensions in millimeters.

Solder Board-Component View 6	 A photograph of a small electronic component, labeled 'TYPE-C-U3', mounted on a blue solder board. The component is positioned next to a black ruler with white markings. The ruler shows measurements in millimeters (0 to 60) and centimeters (0 to 10). The component is a small, rectangular, silver-colored metal piece with a USB Type-C connector on one end and a small circular hole on the other.
Solder Board-Component View 7	 A photograph of the same electronic component, labeled 'TYPE-C-U3', mounted on a blue solder board. The component is positioned next to a black ruler with white markings. The ruler shows measurements in millimeters (0 to 60) and centimeters (0 to 10). The component is a small, rectangular, silver-colored metal piece with a USB Type-C connector on one end and a small circular hole on the other.
