fully charged

GETTING STARTED

three simple steps.

1 POP IN A CAPSULE
remove the cap. pop the capsule
into the bottom of your Lunette.

2 PUT IT WHERE YOU FEEL IT.
rest it on your chest or hold it in your palm.
whatever feels best.

3 PRESS ONCE. BREATHE.
inhale as the light and vibration rise. exhale as they fade.

CONNECT TO THE APP

make lunette yours.

scan below to personalize your experience, update
your device, and discover new scents.

the app is optional.

your lunette works on its own.

CARE & MAINTENANCE

keep your lunette at its best.

CHARGING

charge with the included
USB-C cable.

CLEANING

wipe with a soft, slightly damp
cloth. never immerse in water.

STORAGE

store in a cool, dry place away
from direct sunlight.

CAPSULES

recap capsules between
uses to keep the scent fresh.

SAFETY & TROUBLESHOOTING

just in case.

USE ONLY LUNETTE CAPSULES

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

CAUTION: The grantee is not responsible for any changes or modifications not expressly approved by the party responsible for compliance. Such modifications could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device contains license-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada license-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

- 1) L'appareil ne doit pas produire de brouillage;
- 2) L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
