

UHF Microphone with display screen:

Handheld transmitter function:

- ① Net head: Speak and sing here.
- ② Status display: display working status and frequency.
- ③ Power switch: Power on or off.
- ④ Battery cover: Unscrew the battery cover and install the battery.

Microphone parameters:

Frequency range: 552.7MHz - 575.1MHz

Operational approach:

1. First unscrew the battery cover and install the battery.
2. Power on: press and hold the power switch button for 2-3 seconds, and the display will light up.
3. Power off: press and hold the power switch button for 2-3 seconds, and the display will go out.

Federal Communications Commission (FCC) Statement.This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1)This device may not cause harmful interference, and

(2)this device must accept any interference received, including interference that may cause undesired operation.Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide Reasonable protection against harmful interference in a residential installation. This equipment generates,uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception,which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of:the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Warning: Changes or modifications made to this device not expressly approved by may void the FCC authorization to operate this device.Note: The manufacturer is not responsible for any radio or TV interference caused byunauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment. RF exposure statement:

This device complies with FCC RF radiation exposure limits set forth for an uncontrolled environment.The device is installed and operated without restriction.

Channel Frequency (MHz):

01 552.7

02 575.1

The microphone can only be used within the aforementioned two frequency bands.

Antenna type: Spring Antenna, gain: 0dBi

The frequency of the microphone is fixed by the software and cannot be changed through any third-party permissions.

RF Cable loss provided by Applicant

RF1.13 RF Cable loss:0.5dB

RG 316 RF Cable loss:0.8dB

Channel	Output power (dBm)	Ant. Gain (dBi)	EIRP (dBm)	Limit (dBm)	Result
CH01	5.61	0	5.61	17	Pass
CH02	5.72	0	5.72	17	Pass
