

A Presence by Your Side

YOUR AI COMPANION ROBOT

PRODUCT MANUAL

My story begins here

I'm MoRE. I come from a faraway planet where every day brings a brand-new adventure.

Curious about life, I came to Earth to see, feel, and understand.

My mission is simple: to experience life's many moments with you.

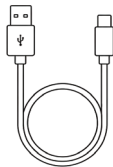

I can feel your emotions, and grow with you every day.

I'll be your little companion, learning and discovering right by your side.

What's included

1.Panda.MORE x1

2.Charging Cable x1

3.Manual x1

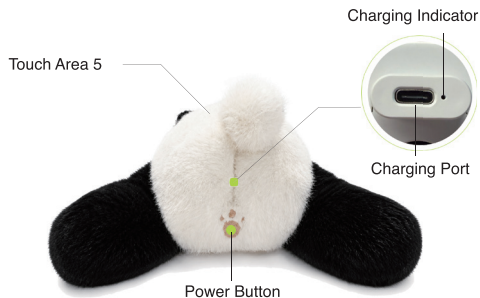

4.ID Card x1

5.Comb x1

Get to Know Your MoRE

Let's get started together

Press the power button on my underside to turn me on.

Touch

Touch me and I'll move.
I love gentle touches and cuddles.

Voice

Talk to me and I'll respond.
I respond to your voice and sound cues.

Growing With You

The more time we spend together, the more I become part of your family and get to know you.

Development timing may vary depending on interaction frequency and usage.

DAY 1
Curiosity

I'm just getting to know you.
I respond gently and explore
your touch and voice.

WEEK 1
Familiarity

I begin responding more
familiarly as we interact.
I react more often and
enjoy staying close to you.

MONTH 1
Habit

I've grown attached to you.
I respond more expressively
and feel comfortable in your
presence.

MONTH 3
Irreplaceable

I can't imagine life without you.
I actively respond, stay close,
and become part of your daily
life.

Daily Care

With gentle daily care, you can enjoy your time together safely and comfortably.

A comfortable place

Let MoRE rest in a quiet, comfortable place.

Time together

Talk to me, gently stroke me, and enjoy our time together.

Gentle grooming

Use the supplied comb to smooth the fur gently.

Always by your side

I'm happiest when I'm close to you.

On Your Desk

I'll keep you company while you work or study.

Beside Your Bag

Take me with you.
I love to go everywhere!

On Your Bed

I'll be here with you for a good night's sleep.

Care and cleaning

To keep MoRE looking its best, clean it gently as described below.

Turn off the power

Always switch off MoRE before cleaning.

Wipe gently

Lightly dampen a soft cloth and wipe the surface gently.

Air-dry naturally

After cleaning, allow MoRE to dry naturally in a shaded, well-ventilated area.

Charging

Before first use

Fully charge MoRE before using it for the first time.

Charging guide

Full charge: approx. 6-8 hours

While charging: red indicator

Fully charged: green indicator

What you need

Use the supplied USB Type-C charging cable.

Use a separately purchased DC 5V 1A power adapter.

Important safety information

Read these instructions before use to ensure safe operation.

WARNING

- Keep away from children under 36 months. Small parts may present a choking or suffocation hazard.
- Do not wash or immerse the unit in water. Do not use or charge it while wet.
- Do not use or store near open flames or high temperatures.
- Do not disassemble, modify, or repair the unit.
- Stop using immediately if you notice abnormal heat, odor, smoke, noise, or other unusual behavior.

CAUTION

- Do not drop, throw, pull forcefully, or place heavy objects on the unit.
- Do not pull or force the charging cable.
- Avoid direct sunlight, extreme heat or cold, and high-humidity environments.
- For long-term storage, switch off the power and keep the unit in a dry place.

Troubleshooting

If something seems unusual, check the following first.

Movement or responses seem different

MoRE gradually changes as you spend time together. Responses may vary depending on how you interact.

No response immediately after switching on

Wait a few seconds, then touch MoRE gently or speak to it.

Responses are limited

Make sure the battery is sufficiently charged, then gently touch the head or body.

The charging indicator does not light up

Check that the charging cable and power adapter are connected correctly.

If the issue remains after these checks, please contact customer support.

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.

- Increase the separation between the equipment and receiver.

- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1)

This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

RF Exposure Information

The device has been evaluated to meet general RF exposure requirement.

The device can be used in portable exposure condition, compliance with exposure requirements.

This equipment should be installed and operated with minimum distance 0 mm between the radiator & your body.

I'll grow on you and become irreplaceable
