

WARRANTY POLICY

WARRANTY COVERAGE

- TitanBody PowerBox: Covered by a two (2) year limited warranty
- TitanBody Garments (Suits/Accessories with Electrodes, Wiring, and Connection Points):
Covered by a six (6) month limited warranty

This warranty applies only to normal, personal, non-commercial use of TitanBody products. Any use in a commercial or institutional setting voids all warranties.

WARRANTY START DATE

All TitanBody limited warranties begin on the date the product is shipped by TitanBody or an authorized TitanBody representative/dealer to the original purchaser. Proof of purchase is required.

NON-TRANSFERABLE WARRANTY

This warranty is valid only for the original purchaser and is non-transferable. Any resale or second-hand purchase is not covered.

EXCLUSIONS

The limited warranty does not cover damage or defects resulting from:

- Normal wear and tear
- Commercial use
- Failure to follow the TitanBody User Manual instructions and guidelines
- Mishandling, improper assembly, installation, storage, or maintenance
- Misuse, neglect, accident, abuse, water damage, or exposure to liquids
- Alterations, modifications, tampering or disassembly of the powerbox or suit
- Use of non-original TitanBody parts, accessories, or third-party products
- Power surges, improper batteries/chargers, or use of third-party charging equipment

WARRANTY POLICY

WARRANTY VALIDATION

A warranty claim will only be honored if:

1. Proof of original purchase is provided
2. The claim is submitted by the original purchaser
3. The product is returned to TitanBody or an authorized dealer for inspection

Failure to provide accurate and updated purchaser information may void the warranty

WARRANTY CLAIMS

All suspected defective TitanBody components must be reported to TitanBody Technical Support within ten (10) calendar days of discovery. Claims must include:

- Product identification number
- Owner's name, address, and contact information
- Description of the defect
- Proof of purchase
- Clear photographs or videos of the issue

No product will be repaired or replaced without an authorized warranty claim. TitanBody reserves the right, at its sole discretion, to repair or replace the defective product. Monetary refunds are only available during the initial thirty (30) days following purchase (the "Trial Period").

DEALER AUTHORIZATION

TitanBody does not authorize any dealer, retailer, or representative to create or extend any warranty obligations on behalf of TitanBody.

SCIENTIFIC RESOURCES

SCIENTIFIC RESOURCES

The TitanBody™ EMS Suit is based on the science of Electrical Muscle Stimulation (EMS), a method widely researched for decades in sports performance, rehabilitation, and wellness. EMS uses gentle electrical impulses to activate muscle fibers, creating contractions that mimic natural exercise.

FCC Warning Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.
