

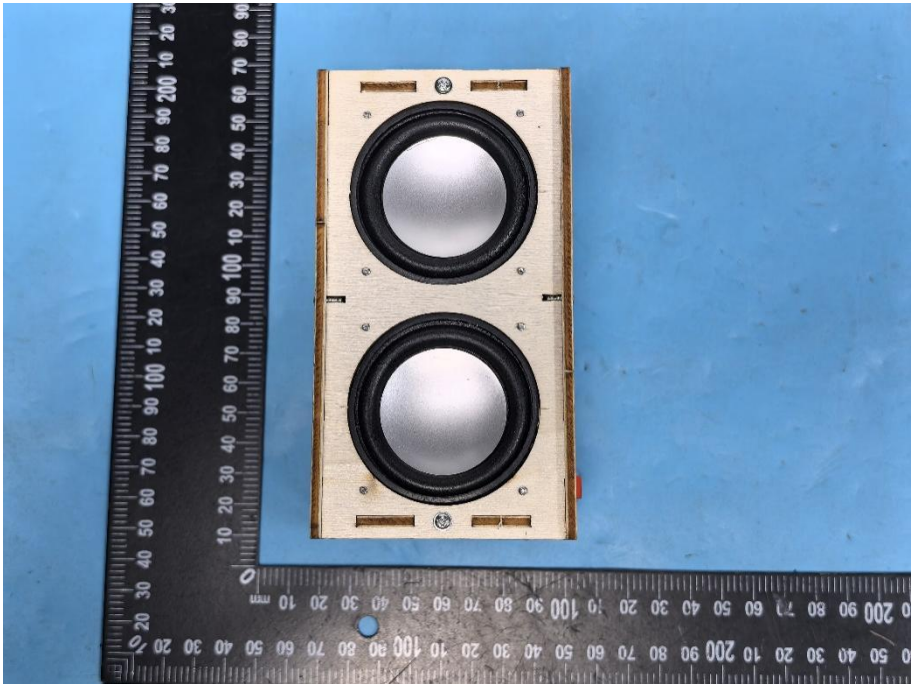

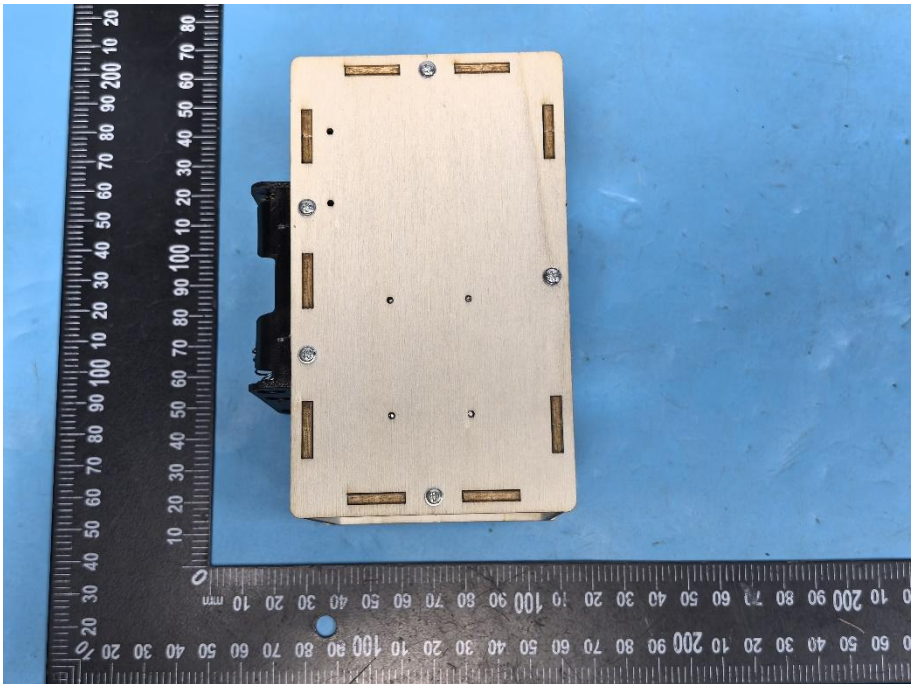

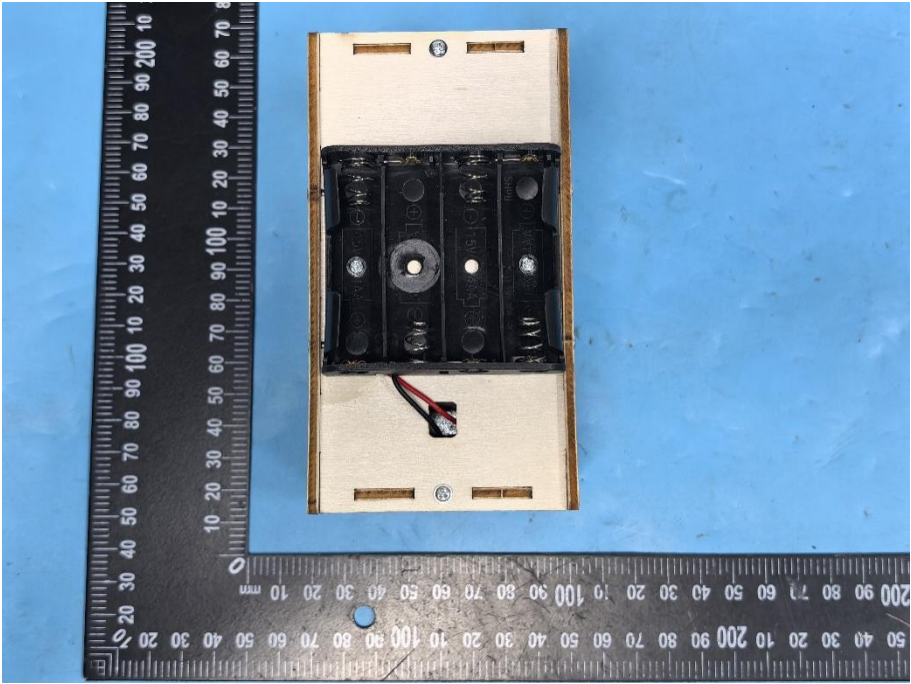

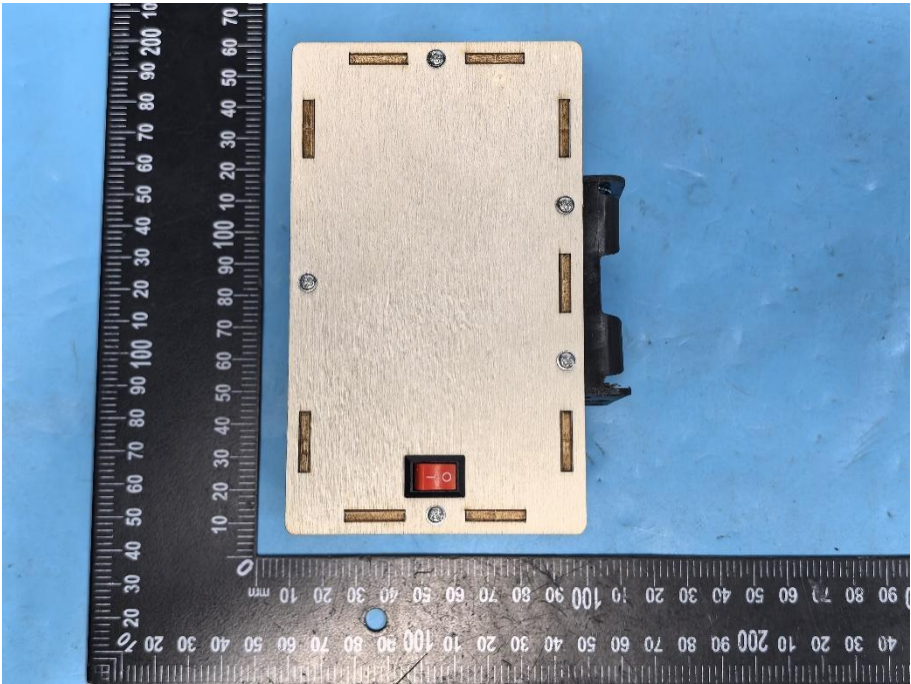

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1

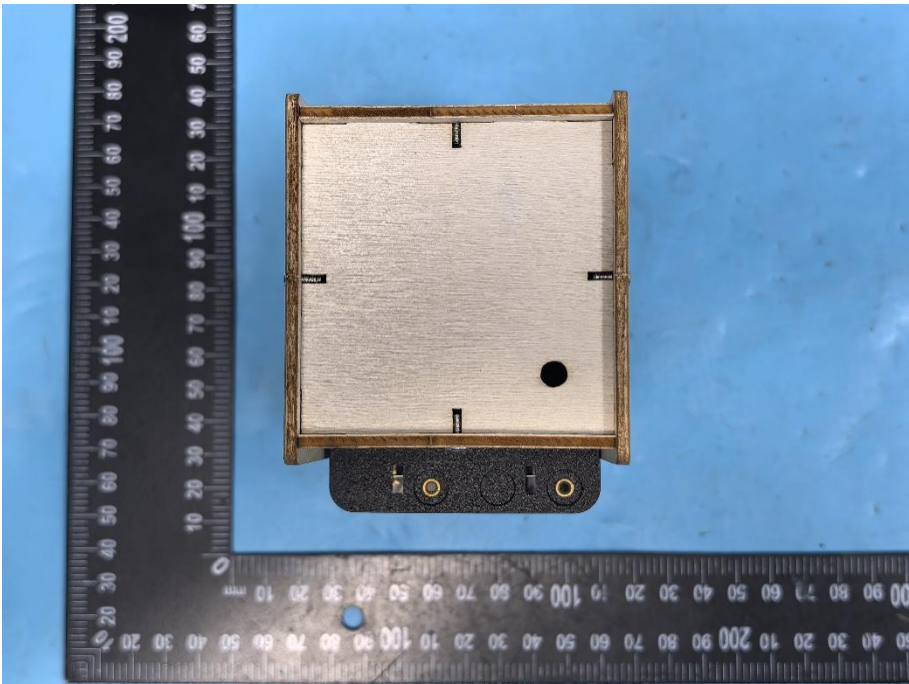

EUT View 2

EUT View 3	 A photograph showing the underside of a device. The device is a rectangular board with a light-colored top layer and a darker bottom layer. It features several large electrolytic capacitors, a central circular component, and a battery at the bottom. A small red and black wire is connected to the bottom. The device is placed on a blue surface next to a black ruler with white markings. The ruler shows measurements in millimeters and centimeters.
EUT View 4	 A photograph showing the top side of the device. The device is a rectangular board with a light-colored top layer and a darker bottom layer. It features a red power switch, several connectors, and a small black component on the right side. The device is placed on a blue surface next to a black ruler with white markings. The ruler shows measurements in millimeters and centimeters.
