THIS PRODUCT MAY CONTAIN FLOCKING POWDER

For flocked trees, assemble this product outside or on a disposable surface for easy cleanup. Keep out of reach of children and pets if possible. Avoid contact with the face eyes, and mouth. Wash affected areas thoroughly in case of accidental exposure.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/ TV technician for help.

This instruction applies to the 4.5-foot, 6&6.5-foot, 7&7.5-foot, or 9&10-foot variation of the tree

HARDWARE

PACKAGE CONTENTS

FOR 9FT/10FT TREE

NOTE: Wires may come wrapped around frame pieces. Locate and unwrap wires before assembly.

TYPE A

TYPE B

This manual includes two assemblies for two tree types A & B. TYPE A uses an internal power plug system, while TYPE B uses an internal plug system. Identify your tree type before proceeding to assembly.

FLUFFING INSTRUCTIONS

For an optimum appearance and satisfaction, this product **MUST** be fluffed according to the following directions.

NOTE: Start from the interior and work outward.

- 1** Find the innermost branch tips and open them in a "V" shape.

- 2** Open the next set of (3) branch tips with pointing outward, and one pointing up.

- 3** Open the next set of (4) branch tips with two pointing outward, and two in a wide "V" shape.

- 4** Open the next set of (5) branch tips in a five-pointed "Star" shape.

CLEANING & STORAGE

- Store this tree in a cool and dry place away from heat and moisture.
- Before putting this tree in storage, do the following:
 - Completely remove all decorations.
 - Clean the tree with a slightly damp cloth and let it dry naturally.
 - Raise all branches to original upright position; make sure not to damage any branches in the process.

TYPE B PRODUCT ASSEMBLY

2 INSERT PLUG INTO A WALL OUTLET. PRESS THE PEDAL SWITCH TO TOGGLE LIGHTS ON/OFF.

NOTE: Branches come spread out and maintain their shape. Lights are powered through connectors in the pole; make sure they are properly joined.
