

TUMBLER
LASER CAT TOY

INSTRUCTION MANUAL

CAUTION

FOR PET USE ONLY. NOT A CHILD'S TOY. NOT INTENDED FOR CHEWING.
Small parts can present a choking hazard, gastrointestinal blockage or strangulation risk. Not all toys are appropriate for all pets. Always supervise pet during play to prevent injury or accidental swallowing of pieces.
IMPORTANT: Inspect regularly and remove immediately if any part becomes damaged.

- Avoid direct eye contact with the laser beam. May harm eyes.
- Do not aim the laser at people or animals.
- NEVER point any laser toward an aircraft or vehicle.
- Shining a laser at an aircraft is illegal and a felony in the U.S.A.

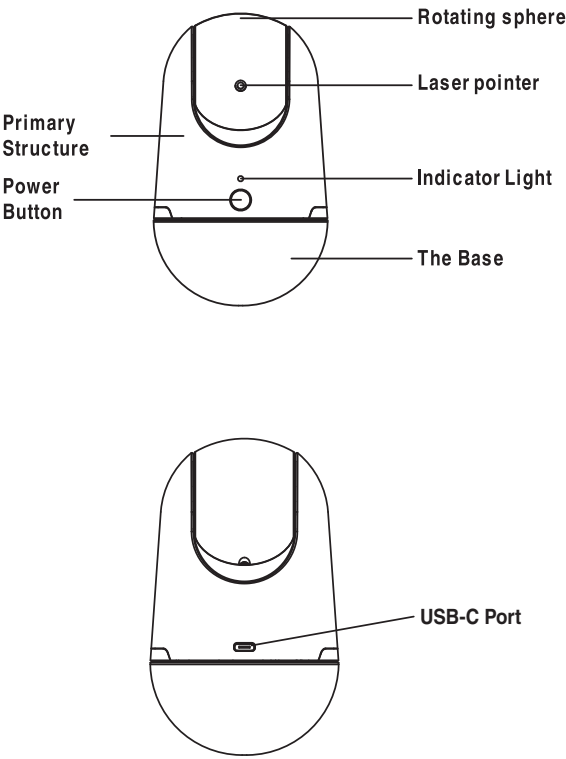

FEATURES

1. Dual rotation mode to captivate the cat's attention, either in one continuous direction or back-and-forth.
2. Adjustable design for accurate laser range.
3. The motor is quiet to ensure the cat isn't disturbed during play.
4. The toy is compact, making it suitable for indoor environments.
5. Auto-shut off feature after 15 minutes, preventing excessive play and ensuring the cat doesn't get overtired or the battery doesn't drain rapidly.

INSTRUCTIONS

1. Indicator lights provide information about the charging status. The green light flashes during charging and remains steady once fully charged. If the red light is on, it's time to recharge.
2. The white light indicator signifies the device is active and operational. It will turn off by itself after 15 minutes.
3. Fully charged, the device can run for up to 40 cycles of 15 minutes each.
4. Press and hold the button for 3 seconds to turn the device on/off.

FCC INSTRUCTIONS:

CAUTION:
Please note that changes or modifications of this product are not expressly approved by the party responsible for compliance and could void the use's authority to operate the equipment.

NOTE:
This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: Reorient or relocate the receiving antenna. - Increase the separation between the equipment and receiver. - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. - Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules.
Operation is subject to the following two conditions:(1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
* RF warning for Portable device:
This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.
