### 3. Gain Efficiency:

| Frequency/Mhz | Efficiency / % | MaxGain/dBi |
|---------------|----------------|-------------|
| 2400          | 61.94          | 2.06        |
| 2410          | 60.39          | 1.95        |
| 2420          | 63.61          | 2.33        |
| 2430          | 54.2           | 1.35        |
| 2440          | 57.94          | 1.83        |
| 2450          | 54.7           | 1.38        |
| 2460          | 51.64          | 1.11        |
| 2470          | 47.97          | 0.9         |
| 2480          | 44.98          | 0.48        |
