

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

"FCC RF Radiation Exposure Statement Caution: To maintain compliance with the FCC's RF exposure guidelines, place the product at least 20cm from nearby persons."

USER MANUAL

Magsafe Fast Charge Wireless Charging Base | MW01

Preface

Thank you for purchasing our company's products. For optimum operation, please read this manual carefully before use.

Product Details

1. Wireless Charging Area

2. Type-C USB

Specification

Input: DC 9V-2A
Output: 15W Max
Storage Temp: -20~60°C
Operating Temp: 0~60°C
Size: $\Phi 58 \times 6.8$ (mm)

1

How it works

1. Connection Instruction

- a. Connecting power source.
- b. Put device on wireless charging area.

2

Notice:

- a. Please use QC/PD compatible power adapter to achieve fast charge.
- b. It is a normal phenomenon of fever during the charging process. Please kindly take off the device after full charge to protect device and wireless charger.
- c. Working environment temperature: 0°C~40°C.

Product and Safety info

1. Do not store or use it in high temperature, humidity or dirty areas.
2. Do not store or use it in strong magnetic fields.
3. Keep out of the reach of children.
4. Do not expose to water or heavy dust. Keep it dry and clean.
5. Non-professional workers do not maintenance device without authorization.
