

Toy Drone Exemption Declaration

Date: 2026-10-10
FCC ID: 2BX5P-X11
Tested Model Number: X11
Adding Model Number(s): X81, X82, X83, X85, X86, X87, X88, X90, X91

We, the undersigned manufacturer, hereby solemnly declare that the above-mentioned drone product is a **Toy Drone** and meets ALL the following criteria for the FCC Toy Drone exemption, as specified:

1. Maximum Take-off Weight is equal to or less than 150 grams. **Conform**
2. Operation is limited to line-of-sight operations equal to or less than 100 meters. **Conform**
3. Maximum sustained altitude must be equal to or less than 300 feet. **Conform**
4. No GPS/GNSS or equivalent system (e.g., no return-to-home, waypoint missions, or subject tracking);
Conform. No GPS/GNSS or equivalent system. This drone does NOT support return-to-home, waypoint missions, or subject tracking functions.
5. No connectivity or network capability (e.g., no connection to Internet, mobile apps, cellular networks, Wi-Fi), but may include a dedicated radio-frequency link between controller and drone, typically on 2.4 GHz or 5.8 GHz bands;
 - **Radio frequencies and WiFi Channels may not be modifiable or programmable and must conform to FCC regulatory requirements;**
Conform. No connectivity or network capability. This drone has NO connection to Internet, mobile apps, cellular networks or Wi-Fi. It only has a dedicated radio-frequency link between controller and drone on 2.4 GHz band.
 - **The radio frequencies Channels are NOT modifiable or programmable, and fully conform to FCC regulatory requirements.**
6. No imaging or sensing capabilities (e.g., no photo/video camera, microphones, live video feed, onboard recording, or sensors capable of surveillance or data gathering on the toy);
Conform. No imaging or sensing capabilities. This toy drone has no photo/video camera, microphones, live video feed, onboard recording, or surveillance / data-gathering sensors.
7. Flight time must be equal to or less than 10 minutes. **Conform**
8. Maximum horizontal speed must be equal to or less than 10 meters/second; **Conform**
9. Explicitly marketed as a toy for recreational use;
This product is explicitly marketed as a toy for recreational use only.
10. No modular payload interface, such as airdrop and release mechanisms, searchlights and strobes, and micro-FPV cameras and protection cages;
No modular payload interface. It has no airdrop/release mechanisms, searchlights, strobes, micro-FPV cameras or protection cages.
11. Does not contain brushless motors; and **Conform**
12. Is not produced by an entity identified in Section 1709 of the Fiscal Year 2025 National Defense Authorization Act. **Conform**

Yours Sincerely,

Shantou Zhizhixia Technology Co., Ltd.
