02 CHOKING HAZARD WARNING

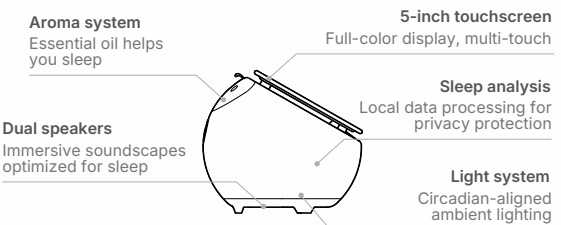

CONTAINS SMALL PARTS.

Choking hazard. Contains small parts. Not for children under 3 years.

- Keep out of reach of children under 3 years. • This product is not a toy.
- If small parts are swallowed, seek medical attention immediately.

03 PRODUCT OVERVIEW

YOUR SLEEP, YOUR CONTROL.

04 SAFETY WARNINGS

READ CAREFULLY BEFORE USE.

Electric shock hazard: Do not open device housing. No user-serviceable parts inside.

- Use only the supplied power adapter.
- Disconnect power before cleaning.
- Do not expose device to rain or moisture.
- If device falls into water, disconnect power immediately and contact a professional.

Fire and burn hazard: Device may become hot during operation. This is normal.

- Do not cover device. Keep vents unobstructed.
- Do not place device on beds, sofas, or other soft surfaces.
- If burning smell or smoke is detected, disconnect power immediately.

Photosensitive seizure warning: A very small percentage of individuals may experience seizures when exposed to certain light patterns.

- If you or a family member have a history of epilepsy, photosensitive seizures, or have experienced dizziness, vision changes, or muscle twitching, consult a doctor before use.

Health note: This device is not a medical device.

- Sleep data is for reference only and is not a substitute for medical diagnosis. If you have sleep disorders or other health concerns, consult a doctor.

05 OPERATING ENVIRONMENT

USE IN A SUITABLE ENVIRONMENT.

Items	Requirements
Operating Temperature	5°C to 45°C (41°F to 113°F)
Storage Temperature	-20°C to 45°C (-4°F to 113°F)
Relative Humidity	5% to 95% (non-condensing)
Altitude	0 to 3000 m (0 to 10,000 ft)
Placement Surface	Horizontal, stable, heat-resistant surface.
Surrounding Space	Leave 10 cm (4 in) clearance around all sides for ventilation.

•**Note:** Use outside the above conditions may cause device malfunction or safety hazards.

06 INSTALLATION INSTRUCTIONS

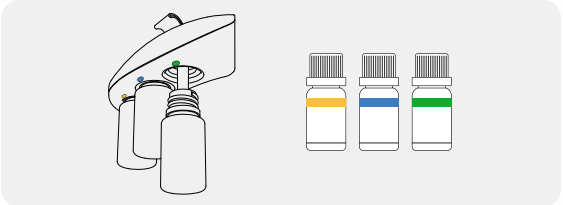

THREE STEPS TO BETTER SLEEP.

Place

- Place device on a stable surface 0.5–1 m from the headboard.
- Keep away from flammable items such as curtains and paper.
- Keep out of reach of infants and toddlers.

Install essential oil

- Align bottle with color tab and twist onto Dream One™.

15 CUSTOMER SUPPORT

WE'RE HERE FOR YOU.

Service hours: 9 AM–6 PM PT, Mon–Fri

Firmware updates: Automatic via Wi-Fi, Manual check: Settings → System → Update.

16 PRODUCT IDENTIFICATION

PRODUCT INFORMATION.

Manufacturer: Shanghai Genesis Technology Co.,Ltd

Made in China.

Serial number location: See package label.

Firmware version: See Settings → About.

Document version: 1.0 | March 2026.

11 MICROPHONE AND PRIVACY

YOUR PRIVACY COMES FIRST.

- Microphone is off by default and can only be manually turned on by you.
- This product has no voice conversation function. It does not record, store locally, or upload any audio to the cloud.
- Only used for real-time sleep environment analysis when manually activated. All processing is done locally on the device.

For a full description of what data we collect and how it is used, visit the privacy policy at [www.mindora.com/privacy] or scan the QR code in the app.

12 RECYCLING & ENVIRONMENTAL CARE

BE ENVIRONMENTALLY RESPONSIBLE.

This product contains electronic components and should not be disposed of with household waste. Please follow local e-waste regulations for disposal.

Eco-certification:

13 TROUBLESHOOTING

HAVING ISSUES? TRY THESE.

Issue	Solution
Device won't turn on	Check power and outlet. Inspect cord.
Screen unresponsive/software error	Unplug for 5 seconds, then reconnect.
Cannot connect to Wi-Fi	Verify password. Check router band support. Restart router.
Fragrance spray clogged	If diffuser is clogged, gently wipe the atomizer with an alcohol swab.
Overheat Warning	Clear vents. Avoid heat. Move to cooler area.

14 LIMITED WARRANTY

WE'VE GOT YOU COVERED.

For details, please refer to the warranty card.

Connect power

- Connect the power cord to the device and the power adapter.
- Plug the adapter into a properly grounded outlet (100–240V compatible).
- Device will power on automatically (startup takes approx. 30 seconds).

•**Tip:** Ensure the power outlet is easily accessible for quick disconnection in an emergency. Unplug when not in use for extended periods.

07 HEARING PROTECTION

PROTECT YOUR HEARING.

Hearing damage warning: Prolonged exposure above 85 dB may cause permanent hearing loss.

- Default max sleep sound volume: 60 dB.
- Screen warns if volume exceeds safe level.
- Recommended nighttime volume: ≤50 dB.
- If tinnitus or hearing loss occurs, lower volume and see a doctor.

08 CLEANING AND MAINTENANCE

KEEP DEVICE CLEAN.

•**Note:** Disconnect power before cleaning.

Components	Cleaning method
Screen	Wipe gently with a dry, soft, lint-free cloth.
Housing	Wipe with a slightly damp soft cloth and dry immediately.
Vents	Use a dry, soft-bristled brush to remove dust.
Speakers	Use a dry, soft-bristled brush. Do not use liquids.

Do not use:

- Alcohol, solvents, ammonia, or abrasive cleaners.
- Sharp objects for cleaning.
- Spray liquids directly onto the device.
- Immerse the device in water.

09 TECHNICAL SPECIFICATIONS

STRONG INNER SELF.

Processor	Quad-core ARM Cortex-A53
Memory / Storage	2GB LPDDR4 / 64GB eMMC
Display	5-inch IPS touchscreen, 1080×1080
Connectivity	Wi-Fi 6 (802.11ax), Bluetooth 5.4
Audio	20W bass + 15W treble, 20Hz–20kHz

Microphone	Dual microphones with noise reduction
Sensors	Ambient light
Lighting	45 full-color LED lights
Essential Oil Diffuser	Ultrasonic atomizer 2.5W × 3
Power Input	100–240V AC, 50/60 Hz
Power Consumption	Standby power <1W
Dimensions / Weight	200 × 200 × 180 mm / Net Wt 4.19 lbs (1.9 kg)
Operating Temperature	5°C to 45°C
Certifications	FCC, CEC

10 REGULATORY COMPLIANCE

COMPLIES WITH GLOBAL STANDARDS.

FCC ID: 2BX68DREAM-ONE

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: — Reorient or relocate the receiving antenna. — Increase the separation between the equipment and receiver. — Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. — Consult the dealer or an experienced radio/TV technician for help. Caution: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

RF Exposure: This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20 cm between the radiator and your body.

RF exposure information

This device complies with government requirements for radio wave exposure. Designed and manufactured to meet FCC RF energy exposure limits.

California Proposition 65 warning

▲ **WARNING:** This product can expose you to chemicals including lead, which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.
