

Pendant Pairing Guide

1) Open the SOS Menu

Navigate to the SOS icon on the FW519 4G Mobile Home Phone.

2) Open Pairing Settings

Press OK, then select:
Pairing Settings
Select ADD A NEW SOS
Pendant

3) Start Pairing

The phone will display:
“**Start Pairing**”

4) Pair the SOS Pendant

Press the **SOS button** on your pendant once.
Keep the pendant close to the phone while pairing.

5) Pairing Complete

If successful, the phone will display:
“**Paired Successfully**”
Your SOS pendant is now ready to use

6) Turn on SOS Pendant

In the SOS settings, select
“**Emergency Numbers**”
to turn on the Pendant.
To add emergency numbers go to “**SOS Number**” in the SOS menu and add the emergency numbers.

FCC Statement

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Caution: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help important announcement

Radiation Exposure Statement

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
