To stop using, switch to OFF.

Pairing and Connection

Uses 2.4G Wi-Fi for transmission and connection.

Each package contains two pre-paired walkie-talkies. These two units cannot connect with other devices.

If multiple sets are purchased, pairing is one-to-one per set. Multiple products cannot interconnect simultaneously.

Safety Information

Charging & Battery

Use only a 5V / 1A charger and the supplied charging cable or an equivalent Type-C cable.

Charge the product under adult supervision. Stop using the device if the housing, charging port, or battery area appears damaged.

Use Environment

This product is intended for everyday indoor and outdoor play. It is not waterproof.

Keep it away from rain, sinks, swimming pools, bathtubs, and other liquids. Do not expose the device to fire, direct heat, or prolonged strong sunlight.

Care, Notes & Troubleshooting

Care

- Switch the device off fully before long-term storage.
- To restart the product, slide the power switch down to OFF, then back up to ON.
- Store the device in a cool, dry place away from water, corrosive materials, and strong heat sources.

Notes

- Each set works as a two-unit, one-to-one pair.
- Actual range varies with the environment.
- Keep this manual for future reference.
- Contact your seller or distributor for after-sales service.
- This product is not suitable for children under 3 years of age.
- Dispose of electronic products responsibly in accordance with local regulations.

Troubleshooting

No Power	Charge the device fully, then confirm the power switch is in the ON position.
No Connection	Make sure both original paired units are powered on and close enough to connect.
Weak Indoor Performance	Reduce obstacles such as walls, metal cabinets, and heavy interference sources.
No Audio From the Other Side	Confirm the other user is holding the Talk button while speaking and that the speaker volume is not set too low.

Specifications

Display	2.0 Inch
Camera	IPS30W CMOS
Battery	3.7V 400mAh
USB Port	Type-C
Operating Temperature	68°F-140°F
Storage Temperature	86°F-158°F
Power	5V/1A
Product Dimensions	4.88 in x 2.13 in

Federal Communications Commission Notice

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement.

The device can be used in portable exposure condition without restriction.

Canada-Industry Canada (IC)

This radio transmitter has been approved by Industry Canada.

This Class B digital apparatus complies with Canadian standard ICES-003. This device complies with Industry Canada License exempt RSS standard(s). Operation is subject to the following two conditions.

(1) this device may not cause interference and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

Industrie Canada (IC)

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

AVIS

RELATIFS À L'EXPOSITION RF

Le dispositif a été évalué et homologué comme répondant aux exigences d'exposition RF.

Le dispositif peut être utilisé en tant que dispositif portatif sans restriction.

The use of belt clips, holsters and similar accessories should not contain metallic components in its assembly. The use of accessories that do not satisfy these requirements may not comply with FCC RF exposure requirements, and should be avoided.

ISED Statement

English: This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

The digital apparatus complies with Canadian CAN ICES-3 (B)/NMB-3(B).

French: Cet appareil contient des émetteurs/récepteurs exempts de licence qui sont conformes aux RSS exemptés de licence d'Innovation, Sciences et Développement économique Canada. L'exploitation est soumise aux deux conditions suivantes :

- (1) Cet appareil ne doit pas provoquer d'interférences.
- (2) Cet appareil doit accepter toute interférence, y compris les interférences susceptibles de provoquer un fonctionnement indésirable de l'appareil.

l'appareil numérique du ciem conforme canadien peut - 3 (b) / nmb - 3 (b).

This device meets the exemption from the routine evaluation limits in section 6.3 of RSS 102 and compliance with RSS 102 RF exposure, users can obtain Canadian information on RF exposure and compliance.

cet appareil est conforme à l'exemption des limites d'évaluation courante dans la section 6.3 du cnr - 102 et conformité avec rss 102 de l'exposition aux rf, les utilisateurs peuvent obtenir des données canadiennes sur l'exposition aux champs rf et la conformité.

This equipment complies with Canada radiation exposure limits set forth for an uncontrolled environment.

Cet équipement est conforme aux limites d'exposition aux rayonnements du Canada établies pour un environnement non contrôlé.
