DECLARATION

Date: 09/30/2026

FEDERAL COMMUNICATIONS COMMISSION

Authorization and Evaluation Division

7435 Oakland Mills Road

Columbia, MD 21046

We, ALLRA LIMITED hereby declare that product name: Controller (FCC ID: 2BXLK-XICWB06), model name: OPCBXICWB06, OPCBXICWB05, OPCBXICWB02 which are electrically identical with the PCB design, components and electromagnetic compatibility characteristics.

The differences of them are as follows:

Different buck circuit configurations result in different output voltage and Input voltage. In addition, the lengths of their output lines are different.

OPCBXICWB06: Input voltage: DC 36V; Output voltage: DC 36V

OPCBXICWB05: Input voltage: DC 5V; Output voltage: DC 5V

OPCBXICWB02: Input voltage: DC 36V; Output voltage: DC 36V

Among them, the 5V controller, based on the 36V controller, has removed the Buck circuit (including the voltage reduction chip) and added a 0-ohm resistor.

Please contact me if there is need for any additional clarification or information.

Best Regards,
