

Product Parameters

Name: Warable vibrator

Product Charging Voltage: 5V

Product Nominal Voltage: 3.7V

Product Charging Method: USB charger

Dimension: 110x66x38mm

Service Time: about 80 minutes

Mode: APP + 9-frequency vibration

Charging time: about 90 minutes

Instructions for Use

► APP operation mode

Scan the QR code to learn more.

► Connect the phone

Scan the QR code;
Download the app;
Turn on your phone's Bluetooth.
(APP is only for finished products)

► bind

Open the app and scan the binding code below
(Or enter device number 7985)

► Charge

- When the button indicator light switches from being constantly on to flashing, it indicates that the current battery level is low. Please charge it in time.
- Insert the charging head vertically into the charging port. The LED light on the power button will flash slowly to indicate that charging is in progress.

► Remote Control Mode

- Power on/off: Press and hold the button on the massager to turn it on. When it's turned on, press and hold the button to turn it off.
- Shift gear: The default mode is standby when powered on. Short press the "△" or "▽" button on the remote control to switch gears. "○" stops vibration. There are a total of 9 gears.

- Use vibrating eggs to gently caress the breasts or insert them into the vagina to enhance arousal.

- Put the vibrating egg in standby mode into the vagina, and you can achieve orgasm even outdoors

Cautions

► Washing and Storage

- Completely wash this product with mild soap and warm water before and after using.
- Don't wash with alcohol or other organic solvent cleaner.
- Store it separately from other sex toys in cool dry place, avoid any contact of other materials or damage.

► Quality and Safety

- Our toys are made of silicone material that is skin-safe and of no harm. Water based lubricant is recommended when using this product. Don't use other lubricants out of recommendation.

► Special Attentions

- It's forbidden to disassemble or strike this finished product of normal use. Don't place it under high temperature condition.
- It's forbidden to disassemble or replace the built-in re-chargeable lithium battery casually.
- It's forbidden to use if battery expansion or any abnormality.
- Keep the charging cable safely.
- Prevent the charging port from any water when washing. Don't wash it or contact water when charging.
- Don't turn it on when charging or washing.
- Only used by USB adaptor of 5V.
- Regularly check it if any worn or damage of all parts, if yes, stop using.

► Warnings

- If you or your mates have any discomfort, please stop using.
- Only use for adults. Don't over shake, avoid any injury when using. If any discomfort, please stop using at once.
- The pregnant women or sub-health people, please consult your doctor before using this product.

FCC Warning

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE 1: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

NOTE 2: Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

"This device complies with Industry Canada's license-exempt RSSs. Operation is subject to the following two conditions:

- (1) This device may not cause interference; and
- (2) This device must accept any interference, including interference that may cause undesired operation of the device."

« Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement. »

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

L' appareil a été évalué pour répondre aux exigences générales en matière d' exposition aux RF. L' appareil peut être utilisé en condition d' exposition portable sans restriction.
