AI Smart Glasses

User Guide

FCC Warning

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE 1: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the

following measures:

-Reorient or relocate the receiving antenna.

-Increase the separation between the equipment and receiver.

-Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

-Consult the dealer or an experienced radio/TV technician for help.

NOTE 2: Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

Important Notes

- ♦ Do not charge in wet or damp environments.
- ♦ Only use the charging cable supplied with this product.
- ♦ The product is made of relatively soft-material. Please handle with care. Do not drop or strike it. If the product is damaged, exercise caution to avoid bodily cuts.
- ♦ This product is NOT waterproof. Do not expose it to rain or submerge it in water.
- ※ This device is equipped with photo and video recording functions. Notice: It is strictly prohibited to use this product for secret photography, surveillance or any other intrusive recording. Users must comply with all local laws and regulations regarding privacy and recording. Please use this product in a legal and ethical manner.

Appearance Description
