This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Hereby, QPlay Ltd declares that the radio equipment type LU01 is in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following internet address: www.playlistenup.com/compliance

LISTEN UP™

Bluetooth spinner

Safety & Regulatory Information

MODEL: LU01

1. Safe Charging Instructions

- Charge the spinner only using a 5V USB power source that meets the input rating shown on the product.
- Use a suitable, undamaged USB charging cable. Do not use damaged cables, chargers or power supplies.
- Do not charge the spinner:
 - while wet or exposed to moisture;
 - in excessively hot or cold conditions;
 - near an open flame or other heat source;
 - if the product, battery or charging port appears damaged.
- Disconnect the charging cable once charging is complete.

Fully charge spinner before first use

2. Battery Warnings

- This product contains a rechargeable lithium-ion battery.
- Do not crush, puncture, short-circuit, burn or expose the product or battery to excessive heat.

- Do not use or charge the product if it is damaged, swollen, leaking, unusually hot or producing an unusual smell. Stop using it immediately and contact QPlay.
- Do not attempt to open the spinner or remove, repair or replace the battery yourself. Battery servicing should only be carried out by a suitably qualified person.
- Keep the product and battery away from fire and temperatures above 60°C.

3. Operating & Safety Information

- Use this product only for its intended purpose and in accordance with the instructions supplied with Listen Up.
- Keep the spinner dry. Do not immerse it in water or other liquids.
- Do not drop, crush, dismantle or modify the spinner.
- Do not use the product if the casing, charging port or other components are damaged.
- This product contains radio transmitting equipment with an operating frequency of 2402

to 2480 MHz and a maximum RF output power (EIRP) of 4.7 dBm

- Keep these instructions for future reference.

4. Recycling & Disposal

- Do not dispose of this product or its rechargeable battery with normal household waste.
- Electrical equipment and batteries should be collected separately and recycled through an appropriate collection or recycling facility.
- The crossed-out wheeled-bin symbol indicates that the product and/or battery must be disposed of separately from household waste.
- Where possible, take the complete product to an authorised electrical or battery recycling collection point.
