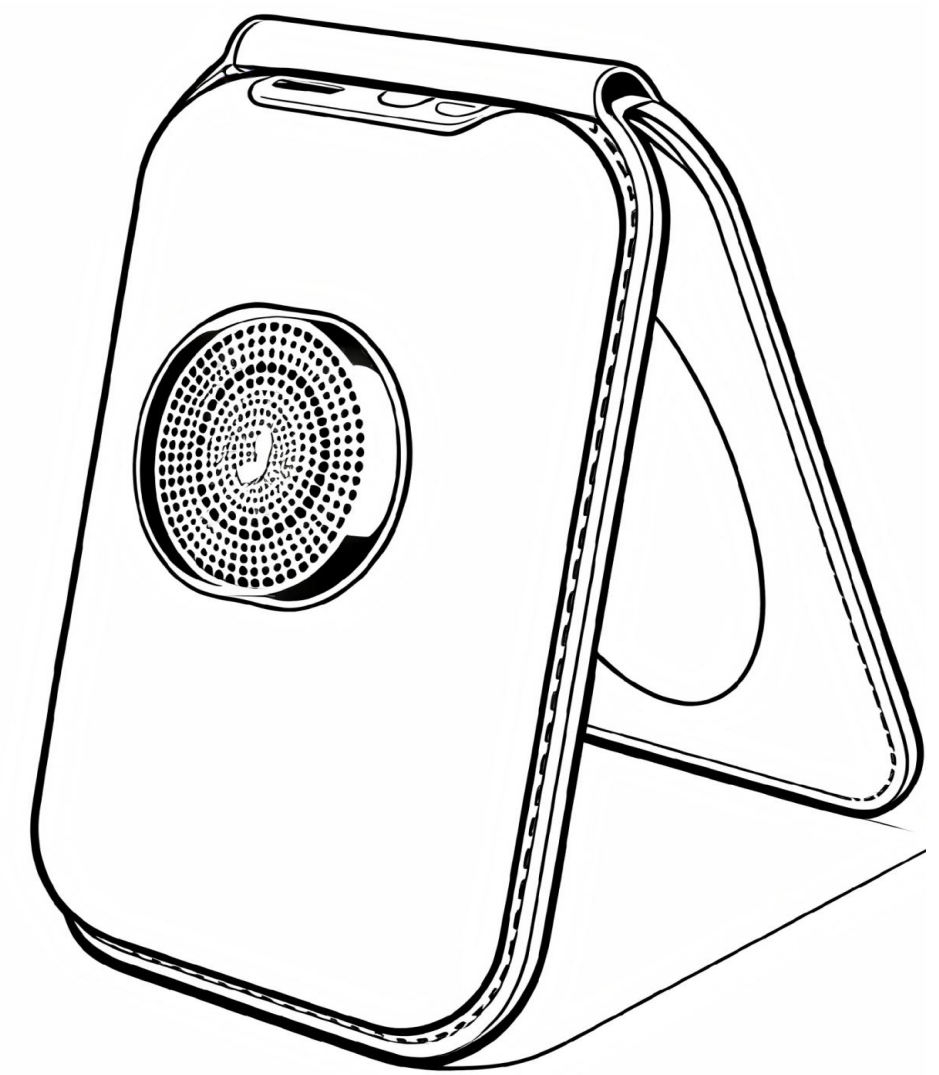
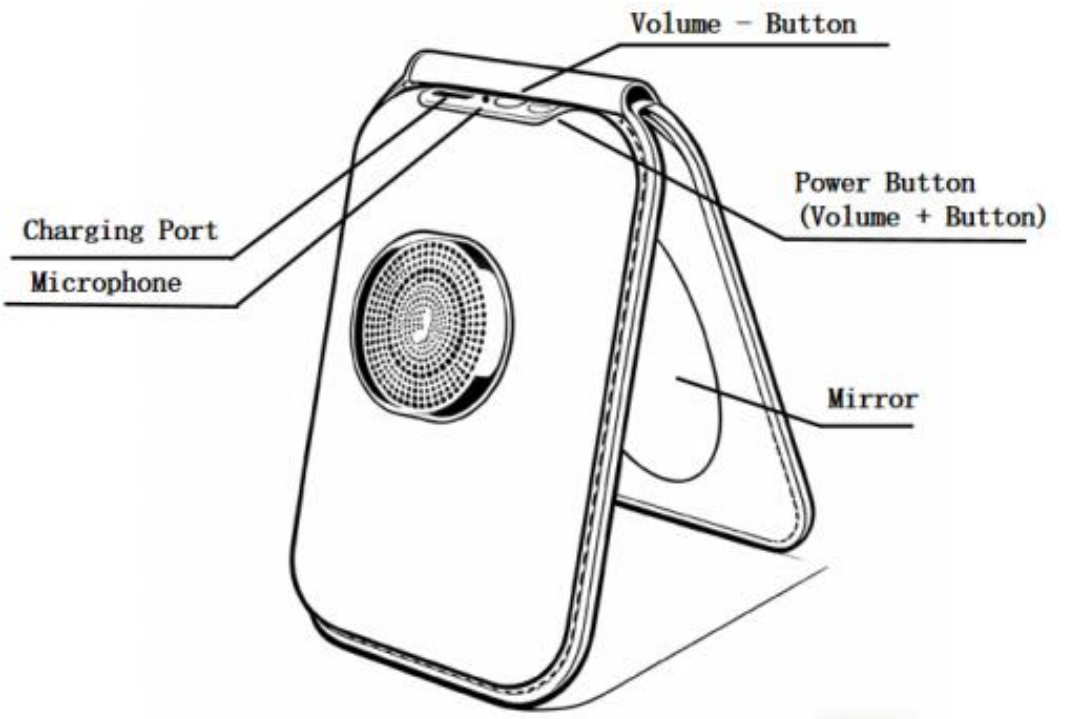
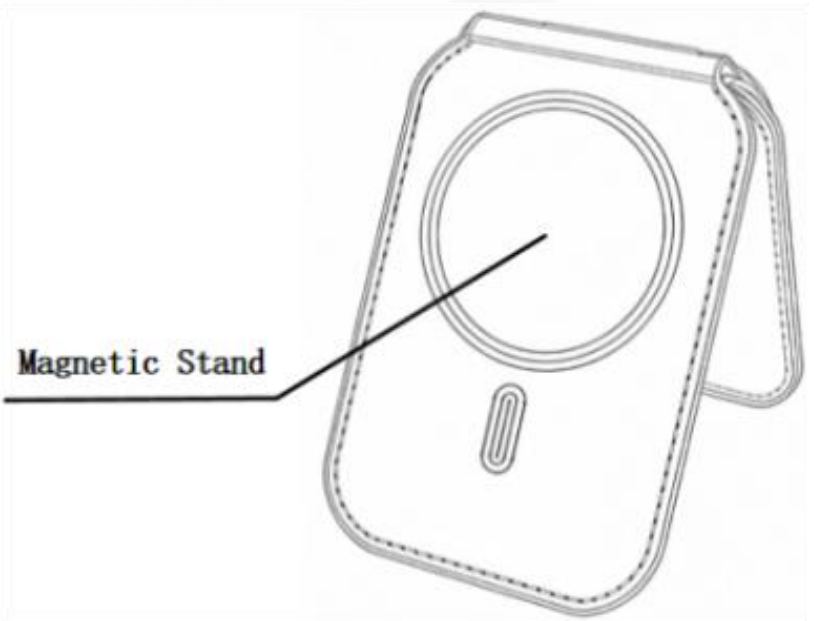
Magnetic Vegan Leather Bluetooth Speaker



《User Manual》

Product Structure





Product Parameter

Model：	Lightingle-01
Bluetooth Version:	V5.3
Bluetooth Range:	10 meters
output power：	5W
Speaker specification:	4 Ω / 5 W
Frequency response：	250Hz-18kHz
Battery capacity：	1200mAh/3.7V
Charge input:	DC 5V1A(Type-C)
Play time:	Approx. 8 hours
Charging Time：	1-2 hours
Product Dimension:	4.13 x 2.83 x 0.71in

Operation Instructions

Power on & Power off：

Power On: Press and hold the power button for 3 seconds. The device will play the voice prompts "Power On" and "Bluetooth Mode." The blue indicator will flash continuously, indicating the device has entered Bluetooth pairing mode.
Power Off: While the device is on, press and hold the power button for 3 seconds until the device plays the voice prompt "Power Off," then the device will shut down.

Device Connection：

After powering on, the Bluetooth speaker enters pairing mode indicated by a flashing blue light. Turn on your device's Bluetooth, select 'HBL-003' from the device list, and the speaker will play a 'Connected' sound.
Once connected, the device will automatically reconnect in the future as long as your Bluetooth is enabled.

Volume up: Short press the power button

Volume down: Short press the volume " - " key

Play/Pause: Double press the volume “-” Button

TWS Pairing Mode: Double press the Power Button

Warranty

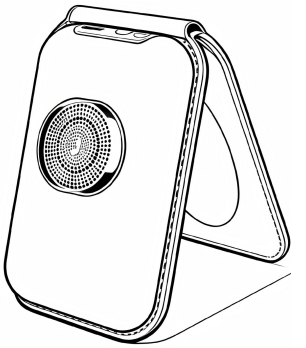
1. Replacement: Defective products can be exchanged for the same model within 3 months of purchase (subject to inspection). Note: Packaging must be intact. Physical damage is excluded.

2. Not Covered: Damage resulting from misuse, unauthorized repair, or accidents is not covered by the warranty.

3. Validation: Please present this card for service. Lost or altered cards will invalidate the warranty.

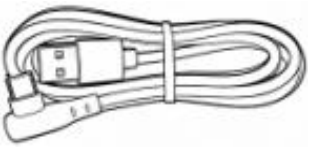
Packing List

1X Product

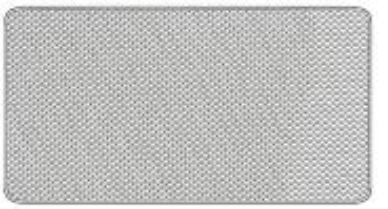


2X Metal Ring Sticker

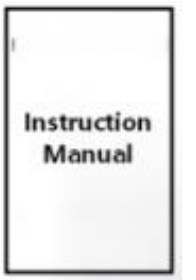
1X Type-C Charging cable



1X Anti-slip pad



1X User Manual



Problems and Solutions

Problem	Possible Cause	Solution
Power Failure/Won't Turn On	The battery is low.	Charge the product for 1-2 hours.
No Sound After Pairing	Incorrect pairing	Re-pair
No charging Indicator	The charger has no voltage output	Check if the charger is properly connected or if the power switch is turned on.
Cannot Play music	The phone does not support this feature	Requires a phone or device that supports A2DP for stereo music playback.

Warning

1. To prolong battery life, please avoid using the speaker while charging. Please use a power adapter that complies with safety certification standards.
2. Do not attempt to remove the built-in lithium-ion battery. Never dispose of the battery in a fire.
3. Avoid short-circuiting. Do not allow metal objects to touch the charging ports or battery terminals.
4. Do not crush, puncture, or subject the battery to strong impact.
5. Do not expose to moisture, corrosive environments, or extreme heat (>60°C/140°F).

FCC Warning

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE 1: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed

and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

-Reorient or relocate the receiving antenna.

-Increase the separation between the equipment and receiver.

-Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

-Consult the dealer or an experienced radio/TV technician for help.

NOTE 2: Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
