A black, rectangular switching power supply unit is shown against a speckled grey background. The unit has a two-prong electrical plug at the top. A label on the front reads: "Switching Power Supply", "Conversion de convertisseur", "Modèle: 5003777", "C-UL", "Intertek", "5003777". Below the label, there is a small diagram of a power plug and some technical specifications. A black cable is coiled to the right of the unit. Two rulers are placed for scale: one vertically on the left and one horizontally at the bottom. The vertical ruler shows the unit is approximately 10 cm high. The horizontal ruler shows the unit is approximately 10 cm wide.
