Subject: Original Application for Class B Computing Device Peripheral
FCC ID: A3KM096 / 14" LCD Monitor, Philips Model 140S1 Series

Gentlemen:

Enclosed, please find Philips Electronics Industries (Taiwan) Ltd.'s application for equipment authorization dated March 27, 2000. The subject device is in compliance with Part 15, Subpart B of the FCC Rules.

This device is a 14" LCD Monitor that can support 30-60 kHz horizontal and 56-75 Hz vertical sync frequencies with maximum resolution up to 1024x768, Non-Interlaced. This monitor will be provided with such features as: (1) 14.1" TFT Color Flat LCD Panel type M141X101; (2) Philips AC Adapter model UP06031180A with one bonded ferrite core near DC output cable jack that provides 18VDC power; (3) detachable non-shielded power supply cord and (4) detachable shielded 15-Pin D-Sub connector signal cable with two bonded ferrite cores.

This monitor was system tested in accordance with C63.4-1992 to show compliance to FCC Part 15 Class B limits. Compliance tests were performed in representative worst-case video modes 1024x768 @ 43.3 kHz and 60 kHz.

Should you have any questions or comments, please contact the undersigned. Thank you for your attention and cooperation in this matter.

Sincerely yours,

Richard Muller
