Subject: Original Certification for Class B Computing Device Peripheral
FCC ID: A3KM108 / Philips 15" LCD Color Monitor, Model 150P3 Series

Gentlemen:

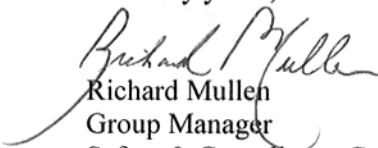

Enclosed, please find Philips Electronics Industries (Taiwan) Ltd.'s application for equipment authorization dated February 18, 2002. The subject device is in compliance with Part 15, Subpart B of the FCC Rules.

This filing is to report Philips 15" Flat LCD Color Monitor Model 150P3 Series with DVI digital and VGA analog video inputs. This monitor supports 30-61 kHz horizontal, 56-76 Hz vertical sync frequencies and maximum resolution up to 1024x768, Non-Interlaced, adjustable LCD display for portrait and landscape display formats and software controlled on-screen display functions. Also, this monitor has interface jacks and connectors for: (1) headphone output jack; (2) microphone input jack; (3) audio input jack with associated audio input cable with ferrite core; (4) audio output jack (mic out) with associated audio output cable with ferrite core; (5) DC 12V input jack and DC 12V output jack for optional not-yet available Multimedia Base; (6) DVI digital and D-Sub analog connectors with associated 1.5m detachable shielded video interface cable with two external ferrite cores on both the provided D-Sub and DVI connector interface cables; and (7) 1.8m detachable non-shielded power supply cord.

This filing did not include future optional Multimedia Base with USB Hub.

Should you have any questions or comments, please contact the undersigned. Thank you for your attention and cooperation in this matter.

Sincerely yours,

Richard Mullen
