Re: Technical Justification Letter Pertaining to FCC ID: A3L62230ANH, IC: 649E-62230ANH

Gentlemen:

We, Samsung Electronics Co., Ltd. have done a SAR evaluation for this new portable host and are submitting for a Class II Permissive Change filing. There is no change on the module hardware and the antennas used in this portable host is the same antenna type as the previous with less gain by comparing to the certified antennas included in the original modular approval, and output power remains unchanged. Therefore EMC tests are not performed.

If you have any questions regarding this application, please feel free to contact me.

Sincerely yours,

A handwritten signature in black ink, appearing to read "John SC Lee", written over a horizontal line.
