Name and content of harmful
substances in the product

Part name	Hazardous substance					
	(Pb)	(Hg)	(Cd)	(Cr6+)	(PBB)	(PBDE)
Board assembly	×	○	○	○	○	○
Injection molding	○	○	○	○	○	○
Wire	○	○	○	○	○	○
Packing material	○	○	○	○	○	○

This form is prepared in accordance with SJ/T11364
○ : Indicates that the content of the hazardous substance in all homogeneous materials of the component is below the limit requirements specified in GB/T 26572 standard.
X : Indicates that the content of the hazardous substance in at least one homogeneous material of the part exceeds the limit required by the GB/T 26572 standard.
Note: Some electronic components in circuit board components have lead (Pb: belongs to ROHS exemption clause), which is environmentally friendly and can be used under normal soil conditions such as temperature and humidity.

Product Warranty Regulations

To protect the interests of our customers, our company provide guarantee services for the products we distribute in accordance with the national guarantee regulations.

Normal warranty
The so-called failure under normal use refers to natural damage caused by human intentional or negligent factors, which is not caused by improper operation or disassembly or maintenance by the user themselves. From the date of purchase: 1, 7 days of quality problems, in the case of complete appearance and packaging, with a valid certificate of purchase, to the place of purchase or the company's designated location can be returned.
2.If there are product quality issues within 1 years, you can go to the company's designated repair center for warranty.

Warranty Limitations
1. Product damage caused by unauthorized modification or self repair;
2. Product damage caused by exceeding the allowable usage environment (such as high temperature, corrosion, etc.);
3. Product damage caused by abnormal external forces (such as falling, squeezing, bumping, impacting, etc.);
4. Product damage caused by natural disasters or other force majeure events (such as fires, floods, lightning, etc.);
5. Unable to provide valid purchase vouchers and warranty cards;
6. Unauthorized alteration or damage to product serial numbers and anti-counterfeiting labels.

TM2280A-DE23

Dear User:
Thank you for purchasing Samsung digital products! To ensure your reliable after-sales service, please read the following instructions carefully : The products guaranteed by this certificate are sold by Samsung or designated distributors. The products recorded in this certificate must be effectively and completely filled in, otherwise it will be considered as an invalid guarantee.
The product serial number registered in the product information must be consistent with the actual serial number of the guaranteed product. This certificate is the primary proof of guarantee. Please keep it properly and will not replace it if lost. When the customer needs technical support services, please show this certificate to provide you with professional services.
The following situations are not covered by the guarantee.
1. Those who are unable to provide valid guarantees and valid invoices (excluding those that can prove that the product is within the validity period of guarantee) or those who alter the guarantee without authorization.
2.The product model and serial number on the certificate of guarantee are not consistent with the physical product or there is no dealer seal.3. Failure to use, maintain and store according to the requirements of the product instructions and cause damage.
4 Use pirated software or damage caused by viruses during use.
5. Failure caused by accidents, self-disassembly, man-made damage or maintenance by service stations not authorized by the company. 6. No factory address, no product serial number (printed on the bottom of the monomer sticker), no product certificate.
7. Damage caused by force majeure.
The validity period of this product's guarantee is 1 year from the date of purchase (based on the date of customer receipt and purchase invoice sent back). Other attachments (such as packaging) are not covered by guarantee.
The appearance of the product is man-made damage, and the accessories are lost, which are not included in guarantee.
For products that are not included in guarantee or exceed the guarantee period, customers need to pay for maintenance.

Regulatory Compliance Statements

FCC Supplier's Declaration of Conformity

Product Name: SMART CONTROL

Model number: DE23

Suppliers Name: Samsung Electronics Co Ltd

Suppliers Address (USA) : 19 Chapin Rd., Building D, Pine Brook, NJ 07058

Email contact: j1.chun@samsung.com

FCC Compliance Statement:

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

IC statement:

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

- 1) L'appareil ne doit pas produire de brouillage;
- 2) L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
