Possible symptoms of battery consumption

- Unfortunately, it is not always obvious when a button or coin battery is stuck in a child's oesophagus. The child might:
- cough, gag, or drool excessively;
 - appear to have an upset stomach or a virus;
 - be sick;
 - point to their throat or stomach;
 - have pain in their abdomen, chest, or throat;
 - be tired or lethargic;
 - be quieter or more clingy than usual or otherwise "not themselves";
 - lose their appetite or have a reduced appetite; and
 - not want / be unable to eat solid food.

These symptoms may vary or fluctuate, with pain increasing and then subsiding.

A symptom of button and coin battery ingestion is vomiting fresh (bright red) blood. If this occurs, seek immediate medical help.

The lack of obvious symptoms is why it is important to be vigilant about "flat" or spare button or coin batteries in the home and the products that contain them.

Correct disposal

This marking on the product, accessories or literature without the bar on batteries indicates that the product, battery and its electronic accessories (such as charger, headset, USB cable) should not be disposed of with other household waste.

Samsung, PO Box 12987, Dublin, IE or Yateley, GU46 6GG, UK

Correct disposal (India Only)

This marking on the product, accessories or literature indicates that the product and its electronic accessories (such as charger, headset, and USB cable) should not be disposed of with other household waste at the end of their working life. To prevent possible harm to the environment or the human health from uncontrolled waste disposal, please separate these items from other types of waste and recycle them responsibly to promote the sustainable reuse of material resources.

For more information on safe disposal and recycling visit our website. www.samsung.com/in/support or contact our Helpline numbers- 1800 40 7267864 (1800 40 SAMSUNG) 1800 5 7267864 (1800 5 SAMSUNG)

This product is India RoHS compliant.

For information on Samsung's environmental commitments and product regulatory obligations, such as REACH, visit our sustainability page available at www.samsung.com.

ISED statement

This device contains licence-exempt transmitter(s)/ receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

(1) This device may not cause interference.

(2) This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

(1) L'appareil ne doit pas produire de brouillage;

(2) L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

FCC and IC RF Radiation Exposure Statement:
This equipment complies with FCC and IC RF Radiation exposure limits set forth for an uncontrolled environment. This device and its antenna must not be co-located or operating in conjunction with any other antenna or transmitter. This equipment should be installed and operated with a minimum distance of 0cm between the radiator and your body.

RF du FCC et IC d'exposition aux radiations:
Cet équipement est conforme à l'exposition de FCC et IC rayonnements RF limites établies pour un environnement non contrôlé. L'antenne pour ce transmetteur ne doit pas être même endroit avec d'autres émetteur sauf conformément à FCC et IC procédures de produits Multi-émetteur. Cet équipement doit être installé et utilisé avec une distance minimale de 0cm entre le radiateur et votre corps.

(USA Only) WARNING! Never dispose of batteries in a fire because they may explode. Do not disassemble, crush, puncture, heat, burn or reuse batteries. For more information, visit call2recycle.org or call 1-800-822-8837. Alternatively, visit: www.samsung.com/recycling or call 1-800-SAMSUNG.

CALIFORNIA USA ONLY

This Perchlorate warning applies only to primary CR(Manganese Dioxide) Lithium coin cells in the product sold or distributed ONLY in California USA. "Perchlorate Material-special handling may apply, see www.dtsc.ca.gov/hazardouswaste/perchlorate."

- a) Remove and immediately recycle or dispose of used batteries according to local regulations and keep away from children. Do NOT dispose of batteries in household trash or incinerate.
- b) Even used batteries may cause severe injury or death.
- c) Call a local poison control center for treatment information.
- d) Only use CR2032 type batteries for this product.
- e) The battery is 3 V.
- f) Non-rechargeable batteries are not to be recharged.
- g) Do not force discharge, recharge, disassemble, heat above 100 °C, or incinerate the product. Doing so may result in injury due to venting, leakage or explosion resulting in chemical burns.
- h) Ensure the batteries are installed correctly according to polarity (+ and -).
- i) Remove and immediately recycle or dispose of batteries from equipment not used for an extended period of time according to local regulations.
- j) Always completely secure the battery compartment. If the battery compartment does not close securely, stop using the product, remove the batteries, and keep them away from children.
