# QUICK START GUIDE

EJ-FT810

Galaxy Tab S2 BOOK COVER  
KEYBOARD

Printed in Korea  
GH68-44138A Rev.1.0  
E Type 04/2015

## Charging the battery

Before using the keyboard for the first time, you must charge the battery.

Connect the keyboard to a charger.

- Chargers are sold separately.
- The charger should remain close to the electric socket and easily accessible while charging.
- The socket-outlet shall be installed near the equipment and shall be easily accessible.

## Turning the keyboard on and off

Slide the Power switch to turn on or off the keyboard.

When you turn on the keyboard for the first time, it automatically enters Bluetooth pairing mode.

## Connecting devices via Bluetooth

1. Turn on the keyboard, and then press and hold the **⌘ (F11 or F12)** key for about three seconds to enter Bluetooth pairing mode.

The notification light will flash red, green, and blue.

2. On your other device, activate the Bluetooth feature and tap **Samsung Tab S2 Keyboard** from the list of available devices.
3. On the keyboard, enter the passkey displayed on your other device's screen and press the **Enter** key.

The keyboard can pair with up to two Bluetooth-enabled devices and you can easily switch connections between the paired devices. For more information, refer to the user manual.

## Using the cover

Attach the cover to your tablet and use it as a stand.

1. Open the cover.
2. Align and connect the cover's push clips to the push clips on the back of your tablet.
3. Fold the back of the cover into a triangular shape. Then, stand the tablet in landscape orientation.
4. Place the keyboard on the front of the cover as shown in the image. ► ①

## Safety information

Read all safety information before using the device to ensure safe and proper use. To view the full safety information, refer to the Samsung website.

**The device contains magnets. The American Heart Association (US) and the Medicines and Healthcare Products Regulatory Agency (UK) both warn that magnets can affect the operation of implanted pacemakers, cardioverters, defibrillators, insulin pumps or other electro medical devices (collectively, "Medical Device") within the range of 15 cm (6 inches). If you are a user of any of these Medical Devices, DO NOT USE THIS DEVICE UNLESS YOU HAVE CONSULTED WITH YOUR PHYSICIAN**

**Use manufacturer-approved batteries, chargers, accessories, and supplies**

**Do not touch the device with wet hands**

**Do not drop or cause an impact to the charger or the device**

**Do not store your device in very hot or very cold areas. It is recommended to use your device at temperatures from 5°C to 35°C**

**Prevent the multipurpose jack and the small end of the charger from contact with conductive materials, such as liquids, dust, metal powders, and pencil leads**

**Do not allow children or animals to chew or suck the device**

**Do not disassemble, modify, or repair your device**

## Correct disposal

This marking on the product, accessories or literature indicates that the product and its electronic accessories (e.g. charger, headset, USB cable) should not be disposed of with other household waste.

This product is RoHS compliant.

This marking on the battery, manual or packaging indicates that the batteries in this product should not be disposed of with other household waste.

## Removing the battery

- To remove the battery, you **must** visit an authorised service centre with the provided instructions.
  - For your safety, you **must not attempt to remove** the battery. If the battery is not properly removed, it may lead to damage to the battery and device, cause personal injury, and/or result in the device being unsafe.
  - Samsung does not accept liability for any damage or loss (whether in contract or tort, including negligence) which may arise from failure to precisely follow these warnings and instructions, other than death or personal injury caused by Samsung's negligence.
1. Turn the keyboard over and remove four rubber feet.
  2. Loosen and remove the four screws.
  3. Use a flat-edged tool between the keyboard and back cover to pry them apart.
  4. Gently lever the battery away from the main body of the unit.
  5. Use a nipper to cut the connections between the battery and the circuit board.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications (including the antennas) to this device that are not expressly approved by the manufacturer may void the user's authority to operate the equipment.

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence.

L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
