Hello Steve,

Please find revised tune up.

We confirm that this model is capable of 802.11b/g only.

Thank you very much for your quick response.

Best Regards

Ducksu Kim.

Hi Mr. Kim,

Please answer the below questions:

1. Please remove Section 3 (power control levels tables) in the Tune-Up Procedure. <?xml:namespace prefix = o ns = "urn:schemas-microsoft-com:office:office" />
2. WLAN operational description Pages 5-58 indicates 802.11 a/b/g/n capability. Please clarify for this application.

Best Regards,
Steve
