Subject: Request for additional information

In regards to your recent TCB application referenced above, we kindly request that you provide the following additional information.

1. The measured EIRP data shows that the low channel power is nearly 7 dB less than the high channel power. Is this correct?
1. EDGE EIRP was measured on the channel that produced the lowest GSM EIRP. Please retest and submit new EDGE EIRP data taken on the channel that produced the highest GSM EIRP level.

The item indicated above must be submitted before processing can continue on the above referenced application.

Sincerely,
Gregory Czumak
