Correspondence Reference No.: 10114
Request for Additional Info.: 10/13/99

Dear Frank / Kwok:

In response to your e-mail dated October 13, 1999, Samsung Electronics Co., Ltd. hereby confirms that the earphone/mic jack port indicated in the instruction manual is intended for hands-free operation, which allows the phone to be used in a body-worn configuration. Based on the additional SAR measurements performed at PCTEST Lab for hands-free mode (see attached), Samsung Electronics Co., Ltd. confirms that we will implement the following warning statement in the users manual:

"For body-worn operation, the antenna should be kept at least 1 inch from the body when transmitting. An optional holster is available as an accessory for body-worn use."

If you have any further questions regarding this matter, please do not hesitate to contact PCTEST Lab at (301) 596-2120.

Sincerely,

Ben Kim
Engineering Manager
Samsung American QA Lab
