Dear Joe / Kwok:

Submitted herewith, on behalf of Samsung Electronics Co., Ltd., is an amendment in response to your e-mail dated March 10, 2000 requesting additional information for the subject application.

1. Attached is the revised RF exposure compliance statement, and placement in the users manual.
2. We confirm that the entire peak SAR location is not indicated on the submitted SAR plots due to the plotting software. The entire peak SAR locations have been considered for 1-gram averaging to determine SAR compliance, and the measurement results or compliance are not affected. Entire peak SAR locations will be included on the plots for all future filings.
3. Vehicle-mounted external antennas are not applicable for this filing.

We trust this information is sufficient to issue the grant asap. If you have any further questions, please do not hesitate to contact us. Thank you.

Sincerely,

Randy Ortanez
