The image shows the internal components of a Samsung Galaxy S20 FE 5G smartphone. The back cover is removed, revealing the battery, camera module, and other internal parts. The battery is a 3800mAh (typical) Li-ion battery, model ES1000, with a serial number 202E1030. The battery label includes the Samsung logo, safety warnings, and regulatory information. The phone is placed next to a ruler for scale.
