The image displays two disassembled mobile phone chassis, likely from a Samsung Galaxy S20 series, laid out on a white surface. A metal ruler with black and red markings is positioned vertically on the left side of the image, providing a scale for the components. The top chassis (left) shows the internal battery, which is white with black text including 'P3SC', 'SDI', and '996X3'. It also features a black flex cable and various electronic components. The bottom chassis (right) shows the internal display assembly, which is white with black text including 'P3SC', 'SDI', and '996X3'. It also features a black flex cable and various electronic components. The components are connected by gold-colored flex cables. The overall layout is clean and organized, highlighting the internal structure of the devices.
