Subject: Re: RE: 3rd Follow-Up Questions Regarding FCC ID: A3LSMG318ML_5-16-15
Date: Monday, May 18, 2015 4:22:20 AM

Dear PCTEST TCB,

Please find below responses for the questions.

We will send the revised documents and reports by CPCex.

Thank you

1	Thank you for providing the revised MPR Attestation letter, but it is still missing Subtests for HSDPA, since they also do not show expected MPR. >>> Revised																																										
2	Thank you for the revised SAR report. The maximum output power of Bluetooth in the SAR report does not match the latest Bluetooth/WIFI Tune-up document submitted on 5/14. Please clarify. If the targets in the SAR report are the correct targets, please revise the Bluetooth test report to include average power measurements to justify the target power level as the peak powers are above the tune-up range listed in the SAR report. → HCT test lab will ask to TCB for this question.																																										
3	(Re-send) The simultaneous Transmission table submitted in response to the original RT does not align with Section 15 of the revised SAR report or the bands described in the operational description. Please clarify the supported simultaneous transmission capabilities of the device. A revised simultaneous Tx table for the operational description was not received. → Sec. 15 was revised. (Add the operational description for simultaneous transmission capabilities for this device.)																																										
4	The interpolated dielectric properties in plot 5 for the new SAR test data still does not appear to match with the measured parameters in section 10.1. Please clarify → Add the dielectric properties of plot 5. <table><tr><th>frequency</th><th>e'</th><th>e''</th></tr><tr><td>2400000000.0000</td><td>39.9681</td><td>13.1209</td></tr><tr><td>2405000000.0000</td><td>39.9327</td><td>13.1097</td></tr><tr><td>2410000000.0000</td><td>39.9268</td><td>13.1128</td></tr><tr><td>2415000000.0000</td><td>39.8974</td><td>13.1080</td></tr><tr><td>2420000000.0000</td><td>39.8846</td><td>13.1059</td></tr><tr><td>2425000000.0000</td><td>39.8519</td><td>13.1099</td></tr><tr><td>2430000000.0000</td><td>39.8373</td><td>13.1152</td></tr><tr><td>2435000000.0000</td><td>39.8076</td><td>13.1449</td></tr><tr><td>2440000000.0000</td><td>39.7957</td><td>13.1818</td></tr><tr><td>2445000000.0000</td><td>39.7972</td><td>13.2015</td></tr><tr><td>2450000000.0000</td><td>39.7775</td><td>13.2256</td></tr><tr><td>2455000000.0000</td><td>39.7660</td><td>13.2651</td></tr><tr><td>2460000000.0000</td><td>39.7614</td><td>13.2929</td></tr></table>	frequency	e'	e''	2400000000.0000	39.9681	13.1209	2405000000.0000	39.9327	13.1097	2410000000.0000	39.9268	13.1128	2415000000.0000	39.8974	13.1080	2420000000.0000	39.8846	13.1059	2425000000.0000	39.8519	13.1099	2430000000.0000	39.8373	13.1152	2435000000.0000	39.8076	13.1449	2440000000.0000	39.7957	13.1818	2445000000.0000	39.7972	13.2015	2450000000.0000	39.7775	13.2256	2455000000.0000	39.7660	13.2651	2460000000.0000	39.7614	13.2929
