

Samsung Electronics America, Inc
19 Chapin Rd, Building D. Pine Brook, NJ 07058

Date: Dec. 30, 2019

FCC ID: A3LSMG770F
Class II Permissive Change Original
Date of Grant: Dec. 30, 2019

To whom it may concern:

Transmitted herewith is an application for a Class II Permissive Change Certification of the Mobile phone with FCC ID: A3LSMG770F.

The change only applies to the model listed below;

- SM-G770F/DS, SM-G770F

The device is identical to the previously certified Mobile phone except for the modification following;

- PCB version and TA have been changed by hardware.
- 2.4 GHz WLAN power has been decreased for specific channels (channels 1,2 and 3 for 802.11b) by software.

We confirm that hardware change are all within the scope of a C1PC based on testing including SAR according to KDB 178919 for the hardware changes.

The only change subject to C2PC is the power reduction for the 802.11b channels for the DTS and TA change subjects to JBP filing.

The EMC report is submitted to support the C2PC to document the new output power and radiated spurious emissions for those channels affected by the power reduction, and The EMI report is submitted to support the C2PC to document the new TA for JBP filing.

Please refer to the change description documents in detail.

Should you have any questions or comments concerning the above, please contact the undersigned.

Sincerely,

A handwritten signature in black ink, appearing to read "Jenni Chun".

Ms. Jenni Chun
