Back plate of device

Bottom

Label is placed inside of the battery compartment.

The battery cover must first be removed to be visible at the time of purchase. And then, you can initiate FCC ID label readily.

< SM-G800A Battery compartment & Label Location >

The FCC ID label is located in the battery compartment. While the battery cover is installed when the unit is shipped from the factory, the battery is never installed prior to sale, so the user must remove the cover in order to install the battery and operate the device. At this time the FCC ID is readily visible to the user. The label is permanently attached by acrylic glue and not easily removed from the device
