

## A. Information to be displayed

1. The information that will be displayed on the e-label and information that will remain in the user manual is shown below:

| Information                                                                                                                                                                                                                                                                                                      | On E-label     | In Manual      |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------|----------------|
| FCC ID number                                                                                                                                                                                                                                                                                                    | Yes            | Yes            |
| DoC logo                                                                                                                                                                                                                                                                                                         | Not Applicable | Not Applicable |
| 15.19 statement (“ <i>This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.</i> ”) | -              | Yes            |
| Class A / B Digital Device user manual statements <sup>1</sup>                                                                                                                                                                                                                                                   | -              | Yes            |
| DoC declaration <sup>1</sup>                                                                                                                                                                                                                                                                                     | Not Applicable | Not Applicable |
| Caution to the user that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment <sup>1</sup><br>- Yes<br>Describe any other FCC regulatory                                                                             | -              | Yes            |
| Describe any other FCC regulatory information included in e-label <sup>1</sup>                                                                                                                                                                                                                                   | None           | Not Applicable |
| If the e-label includes information typically included in the manual then the e-label shall clearly differentiate between information required to be on the device’s surface and information required to be in the manual – refer to 784748 D02 e labelling v01 section II D 3(b)                                |                |                |

Images of the e-label screen are provided below:

## **B. Access to the required information on the e-label**

1. Users are able to access the information in no more than three steps in a device's menu. The actual steps are:

From the home screen:

- a) Click on Settings Apps
- b) About phone
- c) Status

No special access codes or permissions are required to go through the above steps beyond entering a userdefined password to protect against unauthorized access to the device.

2. The information is stored on the device, no special accessories or supplemental plug-ins (*e.g.*, a SIM/USIM card) are required to access the information.
3. Users are provided specific instructions on how to access the information. The information is provided in User manual.
