Inquiry on 02/22/2014 :

Inquiry:

Hello, we would like to confirm whether PCTEST LAB may use the FCC guidance (per in April 2013 TCB Workshop page 36 and PCTEST's KDB Lab Inquiry 382625 for LTE TDD SAR testing) without the requirement for PBA for LTE TDD.

FCC KDB 941225 D05 Footnote note 2 says

Interim SAR test guidance [for LTE TDD] is available through the April 2013 TCB workshop slides. When appropriate, the PBA requirement in KDB 388624 may be waived through KDB inquiries.

FYI - LTE TDD FCC guidance has been followed in several recently approved PBAs (233097-Jan 2014, 868189-Sept 2013, 30342-July 2013)

Thank you!

FCC response on 02/24/2014

No PBA required.
